MEMORANDUM

To: Mayor and City Council

From: Michael Smith, Director of Public Works

Date: October 11, 2010

Subject: 2010 Sidewalk Construction Additional Projects

ITEM DESCRIPTION

Recommend sidewalk projects for the additional \$100,000 allocated to capital sidewalk construction in 2010.

DISCUSSION

In July 2010, the Mayor and Council approved 3 sidewalk projects for construction using \$100,000 allocated in the 2010 budget for sidewalk improvements. In September, Council approved an amendment to the 2010 budget that included an additional \$100,000 for sidewalk construction. Following are the previously approved projects and the projects recommended for funding in 2010:

Original Project List

These projects are recommended ahead of several other projects on the list either because the cost of another project is estimated to exceed the available funding (e.g. Mt Vernon) or to exhaust outside funding opportunities such as Safe Routes to School Grants before committing city funds (e.g. Meadowlake).

RECOMMENDED ACTION

I recommend proceeding with these projects. With Mayor and Council's concurrence, staff will notify the adjacent property owners and hold a public information meeting prior to issuing bids for construction.
