This subsection shall not apply to 398 any proceeding under Chapter 13 of this title, relating to the revocation, suspension, 399 annulment, withdrawal, or denial of a professional education certificate, as defined in Code 400 Section 20-2-200, or any personnel proceeding authorized under Part 7 and Part 11 of 401 Article 17 and Article 25 of Chapter 2 of Title 20. 402 (f) The individual in control of such public record or records shall have a reasonable 403 amount of time to determine whether or not the record or records requested are subject to 404 access under this article and to permit inspection and copying. In no event shall this time 405 exceed three business days. Where responsive records exist but are not available within 406 three business days of the request, a written description of such records, together with a 407 timetable for their inspection and copying, shall be provided within that period; provided, 408 however, that records not subject to inspection under this article need not be made available 409 for inspection and copying or described other than as required by subsection (h) of Code 410 Section 50-18-72, and no records need be made available for inspection or copying if the 411 public officer or agency in control of such records shall have obtained, within that period 412 of three business days, an order based on an exception in this article of a superior court of 413 this state staying or refusing the requested access to such records. 414 (g) At the request of the person, firm, corporation, or other entity requesting such records, 415 records maintained by computer shall be made available where practicable by electronic 416 means, including Internet access, subject to reasonable security restrictions preventing 417 access to nonrequested or nonavailable records.

418 50-18-71.

(a) All public records shall be open for personal inspection and copying, except those which by order of a court of this state or by law are specifically exempted from disclosure. Records shall be maintained by agencies to the extent and in the manner required by Article 5 of this chapter. In all cases where an interested member of the public has a right to inspect or take extracts or make copies from any public records, instruments, or documents, any such person shall have the right of access to the records, documents, or instruments for the purpose of making photographs or reproductions of the same while in the possession, custody, and control of the lawful custodian thereof, or his authorized deputy. Such work shall be done under the supervision of the lawful custodian of the records, who shall have the right to adopt and enforce reasonable rules governing the work. The work shall be done in the room where the records, documents, or instruments are kept by law. While the work is in progress, the custodian may charge the person making the photographs or reproductions of the records, documents, or instruments at a rate of compensation to be agreed upon by the person making the photographs and the custodian for his services or the services of a deputy in supervising the work.

(b)(1)(A) Agencies shall produce for inspection all records responsive to a request within a reasonable amount of time not to exceed three business days of receipt of a request; provided, however, that nothing in this chapter shall require agencies to produce records in response to a request if such records did not exist at the time of the request. In those instances where some, but not all, records are available within three business days, an agency shall make available within that period those records that can be located and produced. In any instance where records are unavailable within three business days of receipt of the request, and responsive records exist, the agency shall, within such time period, provide the requester with a description of such records and a timeline for when the records will be available for inspection or copying and provide the responsive records or access thereto as soon as practicable. Where fees for certified copies or other copies or records are specifically authorized or otherwise prescribed by law, such specific fee shall apply.

(B) A request made pursuant to this article may be made to the custodian of a public record orally or in writing. An agency may, but shall not be obligated to, require that all written requests be made upon the responder's choice of one of the following: the agency's director, chairperson, or chief executive officer, however denominated; the senior official at any satellite office of an agency; a clerk specifically designated by an agency as the custodian of agency records; or a duly designated open records officer of an agency; provided, however, that the absence or unavailability of the designated agency officer or employee shall not be permitted to delay the agency's response. At

the time of inspection, any person may make photographic copies or other electronic reproductions of the records using suitable portable devices brought to the place of inspection. Notwithstanding any other provision of this chapter, an agency may, in its discretion, provide copies of a record in lieu of providing access to the record when portions of the record contain confidential information that must be redacted.

- (2) Any agency that designates one or more open records officers upon whom requests for inspection or copying of records may be delivered shall make such designation in writing and shall immediately provide notice to any person upon request, orally or in writing, of those open records officers. If the agency has elected to designate an open records officer, the agency shall so notify the legal organ of the county in which the agency's principal offices reside and, if the agency has a website, shall also prominently display such designation on the agency's website. In the event an agency requires that requests be made upon the individuals identified in subparagraph (B) of paragraph (1) of this subsection, the three-day period for response to a written request shall not begin to run until the request is made in writing upon such individuals. An agency shall permit receipt of written requests by e-mail or facsimile transmission in addition to any other methods of transmission approved by the agency, provided such agency uses e-mail or facsimile in the normal course of its business.
- (3) The enforcement provisions of Code Sections 50-18-73 and 50-18-74 shall be available only to enforce compliance and punish noncompliance when a written request is made consistent with this subsection and shall not be available when such request is made orally.
 - (c)(1) An agency may impose a reasonable charge for the search, retrieval, redaction, and production or copying costs for the production of records pursuant to this article. An agency shall utilize the most economical means reasonably calculated to identify and produce responsive, nonexcluded documents. Where fees for certified copies or other copies or records are specifically authorized or otherwise prescribed by law, such specific fee shall apply when certified copies or other records to which a specific fee may apply are sought. In all other instances, the charge for the search, retrieval, or redaction of records shall not exceed the prorated hourly salary of the lowest paid full-time employee who, in the reasonable discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour. Where no fee is otherwise provided by law, the agency may charge and collect a uniform copying fee not to exceed 25¢ per page.
 - (2) In addition to a charge for the search, retrieval, or redaction of records, an agency may charge a fee for the copying of records or data, not to exceed 10¢ per page for letter or legal size documents or, in the case of other documents, the actual cost of producing

the copy. In the case of electronic records, the agency may charge the actual cost of the media on which the records or data are produced.

(3) Whenever any person has requested to inspect or copy a public record and does not pay the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully estimated and agreed to pursuant to this article, and the agency has incurred the agreed-upon costs to make the records available, regardless of whether the requester inspects or accepts copies of the records, the agency shall be authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments by such agency.

(d) <u>In any instance in which an agency is required to or has decided to withhold all or part</u> of a requested record, the agency shall notify the requester of the specific legal authority exempting the requested record or records from disclosure by Code section, subsection, and paragraph within a reasonable amount of time not to exceed three business days or in the event the search and retrieval of records is delayed pursuant to this paragraph or pursuant to subparagraph (b)(1)(A) of this Code section, then no later than three business days after the records have been retrieved. In any instance in which an agency will seek costs in excess of \$25.00 for responding to a request, the agency shall notify the requester within a reasonable amount of time not to exceed three business days and inform the requester of the estimate of the costs, and the agency may defer search and retrieval of the records until the requester agrees to pay the estimated costs unless the requester has stated in his or her request a willingness to pay an amount that exceeds the search and retrieval costs. In any instance in which the estimated costs for production of the records exceeds \$500.00, an agency may insist on prepayment of the costs prior to beginning search, retrieval, review, or production of the records. Whenever any person who has requested to inspect or copy a public record has not paid the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully incurred, an agency may require prepayment for compliance with all future requests for production of records from that person until the costs for the prior production of records have been paid or the dispute regarding payment resolved. In addition, a reasonable charge may be collected for search, retrieval, and other direct administrative costs for complying with a request under this Code section. The hourly charge shall not exceed the salary of the lowest paid full-time employee who, in the discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour.

(e) Requests by civil litigants for records that are sought as part of or for use in any ongoing civil or administrative litigation against an agency shall be made in writing and copied to counsel of record for that agency contemporaneously with their submission to that agency. The agency shall provide, at no cost, duplicate sets of all records produced

in response to the request to counsel of record for that agency unless the counsel of record for that agency elects not to receive the records. An agency shall utilize the most economical means available for providing copies of public records.

- (f) As provided in this subsection, an agency's use of electronic record-keeping systems must not erode the public's right of access to records under this article. Agencies shall produce electronic copies of or, if the requester prefers, printouts of electronic records or data from data base fields that the agency maintains using the computer programs that the agency has in its possession. An agency shall not refuse to produce such electronic records, data, or data fields on the grounds that exporting data or redaction of exempted information will require inputting range, search, filter, report parameters, or similar commands or instructions into an agency's computer system so long as such commands or instructions can be executed using existing computer programs that the agency uses in the ordinary course of business to access, support, or otherwise manage the records or data. A requester may request that electronic records, data, or data fields be produced in the format in which such data or electronic records are kept by the agency, or in a standard export format such as a flat file electronic American Standard Code for Information Interchange (ASCII) format, if the agency's existing computer programs support such an export format. In such instance, the data or electronic records shall be downloaded in such format onto suitable electronic media by the agency. Where information requested is maintained by computer, an agency may charge the public its actual cost of a computer disk or tape onto which the information is transferred and may charge for the administrative time involved as set forth in subsection (d) of this Code section.
- (g) Requests to inspect or copy electronic messages, whether in the form of e-mail, text message, or other format, should contain information about the messages that is reasonably calculated to allow the recipient of the request to locate the messages sought, including, if known, the name, title, or office of the specific person or persons whose electronic messages are sought and, to the extent possible, the specific data bases to be searched for such messages. Whenever any person has requested one or more copies of a public record and such person does not pay the copying charges and charges for search, retrieval, or other direct administrative costs in accordance with the provisions of this Code section:
 - (1) A county or a department, agency, board, bureau, commission, authority, or similar body of a county is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county;
 - (2) A municipal corporation or a department, agency, board, bureau, commission, authority, or similar body of a municipal corporation is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation;

566 (3) A consolidated government or a department, agency, board, bureau, commission, 567 authority, or similar body of a consolidated government is authorized to collect such 568 charges in any manner authorized by law for the collection of taxes, fees, or assessments 569 owed to the consolidated government; (4) A county school board or a department, agency, board, bureau, commission, 570 571 authority, or similar body of a county school board is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed 572 573 to the county; 574 (5) An independent school board or a department, agency, board, bureau, commission, authority, or similar body of an independent school board is authorized to collect such 575 charges in any manner authorized by law for the collection of taxes, fees, or assessments 576 577 owed to the municipal corporation; and (6) A joint or regional authority or instrumentality which serves one or more counties 578 579 and one or more municipal corporations, two or more counties, or two or more municipal 580 corporations is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county if a county is involved 581 582 with the authority or instrumentality or in any manner authorized by law for the collection 583 of taxes, fees, or assessments owed to the municipal corporation if a municipal 584 corporation is involved with the authority or instrumentality. 585 This subsection shall apply whether or not the person requesting the copies has appeared 586 to receive the copies. 587 (h) In lieu of providing separate printouts or copies of records or data, an agency may provide access to records through a website accessible by the public. However, if an 588 589 agency receives a request for data fields, an agency shall not refuse to provide the 590 responsive data on the grounds that the data is available in whole or in its constituent parts 591 through a website if the requester seeks the data in the electronic format in which it is kept. 592 Additionally, if an agency contracts with a private vendor to collect or maintain public 593 records, the agency shall ensure that the arrangement does not limit public access to those 594 records and that the vendor does not impede public record access and method of delivery 595 as established by the agency or as otherwise provided for in this Code section. 596 (i) Any computerized index of county real estate deed records shall be printed for purposes 597 of public inspection no less than every 30 days, and any correction made on such index 598 shall be made a part of the printout and shall reflect the time and date that such index was 599 corrected. 600 (i) No public officer or agency shall be required to prepare new reports, summaries, or 601 compilations not in existence at the time of the request.

- facsimile, or other reproduction, in accordance with subsections (d) and (e) of Code
- 621 Section 50-18-71.
- 622 (d) Any physical evidence that is evidence of a violation of Part 2 of Article 3 of
- 623 Chapter 12 of Title 16, that is used as an exhibit in a criminal or civil trial, shall not be

- facility owned or operated by an agency of state or local government. If the judge permits
- 628 inspection, such property or material shall not be photographed, copied, or reproduced by
- any means. Any person who violates the provisions of this subsection shall be guilty of a

- 634 making the request of the estimated cost of the copying, search, retrieval, and other
- 635 administrative fees authorized by Code Section 50-18-71 as a condition of compliance with
- the provisions of this article prior to fulfilling the request as a condition for the assessment

of any fee; provided, however, that no new fees other than those directly attributable to providing access shall be assessed where records are made available by electronic means.
