

## **MEMORANDUM**

**To:** Mayor and City Council

**From:** Michael Smith, Public Works Director

**Date:** March 23, 2015

**Subject:** **Resolution to Establish a Streetlight District for Falkirk Subdivision**

---

### **ITEM DESCRIPTION**

Approval of a Resolution to Establish a Streetlight District for Falkirk Subdivision in accordance with Chapter 26 of the city's Code of Ordinances.

### **BACKGROUND**

The developer for the Falkirk subdivision has requested the installation of streetlights by Georgia Power. As provided in Chapter 26 of the City Code of Ordinances the City Council must approve, by resolution, the establishment of each district prior to the installation of streetlights. As part of establishing and maintaining a streetlight district, it is the City's policy to levy a special assessment on each property in the district to offset the streetlight energy and maintenance costs incurred by the City. The assessment is prorated based on the street frontage of each lot.

For the Falkirk subdivision, 3 streetlights are proposed with an annual estimated cost of \$417, initially. The recommended assessment rate of \$0.76 per foot of street frontage will result in total annual revenue of \$421.

### **RECOMMENDED ACTION**

Staff recommends approval of the resolution to create streetlight district 215A for the Falkirk subdivision.
