

MEMORANDUM

To: Mayor and City Council
From: Chris Pike, Finance Director
Date: May 9, 2016
Subject: **YTD Financial Report for March 31, 2016**

Following are the financial highlights through March 31, 2016. Normally, the first quarter is somewhat uneventful with little to report. This year contains a few exceptions to that rule. For revenues, the traditional holds true; nothing of significant to report other than matching expectations. On the positive, several new restaurants in town have alcohol permits well ahead of budget and prior years. Also, annual taxes from banks are nearly double historical levels, almost entirely from growth in the economy rather than new facilities. And though not significant in dollars, the percentage increase in other police charges was large due to false alarm fees outpacing the prior year. The negative report for occupation taxes (commonly called business licenses) is likely a timing issue; the same as E911 revenues. Both continue to be difficult to forecast on a monthly basis though the annual numbers seem to work out okay. Hotel taxes are trailing behind last year's impressive pace. However, with the Hampton Inn coming online, that should help correct the trend. The one trend not likely to correct itself is motor vehicle taxes as more people trade in their vehicles and the property tax on the old vehicles goes away. Overall though, not a lot of surprise related to revenues.

Overall, expenditures are fine; well below budget. Exploring specific line items is when several line items stick out. First, police department expenditures and specifically personnel costs are significantly under budget. This is attributable to budgeting for new positions not filled at the start of the year. At the date of this letter, all new positions/promotions are complete. Fuel is also under budget because of the turnover but also because of lower gas prices at the pump. It doesn't actually show up on this report but will be seen in the next quarter ... I'm working with our insurer to clean up a few open items but what's certain is a significant increase in our annual property insurance. Some of the increase is due to higher

risks/claims across the state as suits across the nation increase; specifically related to police cases. However, most of the increase is attributable to our own experience over the past year including zoning and other community development lawsuits as well as a high level of police vehicle accidents. The chief is certainly aware and, for their part, have implemented several measures to increase awareness among staff and reduce accidents in the future. The budget line items for our annual service providers, the budget for IT, Public Works, and Community Development does not match the approved contracts. The difference for each of the three happened for three different reasons, but the end result displays negative numbers for each department on that line item. Other expenditures worth mentioning include Stormwater repairs. Here, the budget shows a faster pace of repairs. However, those represent prior year projects that were not completed until 2015. I'll include this carryforward from 2015 into a subsequent budget amendment for 2016 as well as recommendations to clean up the other issues noted above. Nothing noted above should have any impact on operational goals and projects for 2016.

As Finance Director, I have reviewed this report. I am not aware of any material untrue statements or material omission; nor do I consider anything misleading. The financial statements and related information fairly present the financial condition and the results in all material respects. Management is responsible for internal controls and periodically evaluates these internal controls. No deficiencies in internal controls were discovered.

Overview

2016 SPLOST

History

-232-

HB215

(signed by Governor on 05/04/2015)

- Penny Sales Tax to be used for capital only
- Distribution directly from GA DOR (unless County performs road maintenance)
- 5-year tax (6-year with approved IGA)
- Law specifies population based distribution UNLESS an IGA states otherwise
- Must be approved via county-wide vote that includes a measure to alter HOST formula

HOST 2.0

- 100% of HOST collections used for property tax reduction with almost all additional HOST credits benefiting incorporated homeowners.
- HOST will be applied first to taxes paid by all county taxpayers (e.g. General O&M, Hospital) and not special districts (e.g. Police, Fire, Roads)
- Contingent on SPLOST passing and reverts to current formula if SPLOST is not subsequently renewed
- New formula generates an estimated \$25 million in additional Dunwoody property tax credits with a 5-year SPLOST

SPLOST

- Yields roughly \$100 - \$110 million in annual sales tax
- Stable formula not controlled by County
- Dunwoody represents 6.687% of population (46,267/691,893)
- 2012 - 2015 HOST (4 years) = \$ 22.7 million
- 2012 - 2015 SPLOST = \$ 28.4 million

HOST 1.0 VERSUS SPLOST

Distribution Formula

Current HOST based on complicate formula recalculated annually with some variables determined by the County

SPLOST based on a flat percentage formula for entire 6 years

Annexations

Each Annexation or Incorporation reduces the amount paid to the other cities in the county as well as the county itself.

Annexations and Incorporations only reduce the County distribution as annexations and incorporations reduce the unincorporated population only.

Proceeds and Timing

Paid August through December with the HIGHEST year in the City's history totaling \$6.6 million

Paid monthly from the DOR. Had SPLOST been in place, the LOWEST year from 2012 on would have been \$6.9 million
