

REQUEST FOR PROPOSAL

Dunwoody Green Commercial Site Development

(RFP 17-02)

Proposals Due:

April 13, 2017 at 2:00 p.m.

I. PROJECT BACKGROUND

Introduction

The Dunwoody Urban Redevelopment Agency (URA) hereby solicits invitations from qualified developers to submit proposals to partner with the URA and the City of Dunwoody for the development of approximately 2.5 acres of property at 4600 North Shallowford Road at the intersection of North Shallowford Road and Dunwoody Park. The property is located within the City's designated Urban Redevelopment District.

The Dunwoody Green commercial site is a critical piece of Dunwoody's Project Renaissance and is not simply a land sale by the URA. The URA will maintain a significant level of involvement with the project throughout the development process. Goals associated with the commercial site include:

- The site is an extension of a public purpose of Project Renaissance, the creation of parks, new residential units, trail system, etc.;
- The commercial development will be a catalyst for additional development activity in the Georgetown area; and
- The project seeks to leverage community investments to create community value and sense of place.

Urban Redevelopment Agency Description

Created in 2012, the Urban Redevelopment Agency (URA) was established pursuant to Georgia's Redevelopment Powers Act OCGA 36-61-1 and establishes broad powers to redevelop threatened areas of the City. The URA was created by adopting an Urban Redevelopment Plan, which created the general blueprint for targeting public investments in the redevelopment area. The Urban Redevelopment Plan followed a public process that encouraged involvement of citizens and private enterprises. The URA has the ability to sell property to developers proposing the project that most closely resembles the Redevelopment Plan and not necessarily the highest bidder.

Georgetown Master Plan and Vision

Immediately following incorporation, the City of Dunwoody began planning for the future. The community first worked to establish an overall vision for the City and specific character areas, like Georgetown, through a Comprehensive Land Use Plan. Next, the community embarked on a specific planning process focusing on the Georgetown commercial area. Land uses identified for these parcels include new city parks, low-density residential, neighborhood serving commercial, and civic facilities.

Issuing an Invitation for Proposals (IFP) in March 2012, the city set out to enter into a strategic public-private revitalization partnership for redevelopment of the 35 acres the City had recently purchased. After reviewing submitted proposals, the Project Renaissance Selection Committee unanimously recommended a partnership with John Wieland Homes and Neighborhoods to begin a 35 acre catalytic redevelopment in the Georgetown area. The proposal from John Wieland dovetails with the proposed land use scenarios and ideas presented in the Georgetown Master Plan with traditional neighborhood urban design elements.

Project Renaissance was conceived from those plans nurtured by the community and embodies sustainable development practices through its retention and integration of existing infrastructure as a greyfield redevelopment site, careful attention to livability principles, pedestrian and bicycle amenities, and thoughtful green space design. Most notably, the project utilizes the existing infrastructure (road, sewer, retaining wall structures, and stormwater facilities) and addresses some of the City's park needs. The first phase of the Dunwoody Trailway, a multi-use trail completed in 2014, spans the entire 16-acre site, and connects to the new park across North Shallowford Road and to Brook Run Park. Additionally, the City has completed development on an approximately 1.4 acre central park and an approximately 1.9 acre park with signature playground on the Chamblee Dunwoody side of the property.

The URA envisions a compact project that will contain a mixture of non-residential uses that will be complimentary to a residential neighborhood. The project is not expected to be a conventional strip retail center; it is intended to be an integrated project that includes pedestrian oriented development, such as buildings in close proximity to the street, storefront retail design with direct pedestrian access from the sidewalk, outdoor dining, wide sidewalks, and integration with Georgetown Park and Dunwoody Green.

Market Analysis

The Dunwoody Green Commercial Site is located within the 368-acre Georgetown Gateway district that sits at the southern edge of the City along Interstate I-285 and the intersection of Chamblee Dunwoody Road. The commercial area contains a wide variety of office, retail, multi-family residential, medical, and institutional uses, surrounded by single-family neighborhoods. The area primarily developed in the 1960s as a low-density residential area with supporting neighborhood commercial uses. Office parks and medical uses became prevalent during the 1970s, and the area flourished due to its proximity to the Perimeter Center Office Market and quick access to I-285.

The Georgetown commercial district has not kept pace with development in the rest of Dunwoody since the medical industry began migrating to the “pill hill” area around Northside Hospital in the 1980’s – culminating in 2006 with the closing of Emory Dunwoody Medical Center and the eventual demolition of the facility in 2011.

The area is currently an assemblage of diverse and unrelated land uses. In fact, the Georgetown of today is more a repository of random elements than a cohesive and vibrant place. The existing economic geography of Georgetown is out of sync with market demand. The good news is that Georgetown is in the midst of a renaissance, rebalancing the land uses with new residential and retail developments taking shape throughout the area. The area is home to a significantly higher number of multi-family units at 2,302 than Dunwoody in general. This added density provides a ready-made market for restaurants and local serving retail.

 - Vacant: 16.8%
- Retail
 - 229,000 square feet

Households	6,013	18,639	38,882
Average HH Income	\$106,792	106,826	\$106,997

Location Assessment

The Georgetown area is strategically located adjacent to the Perimeter Center Office Market and the residential neighborhoods of Dunwoody. The site is situated along I-285 @ Chamblee Dunwoody Road and is the southern gateway into Dunwoody.

Traffic Counts

I-285 @ Chamblee Dunwoody Road	234,529
Chamblee Dunwoody Road @ Cotillion Drive	18,700
North Shallowford Road	8,234

Market Opportunity

The market opportunity of the Georgetown area was analyzed by a sub-report within the overall Georgetown Master Plan prepared by Robert Charles Lesser & Co. An analysis of retail expenditures within the 2-mile trade area was done as part of the Georgetown Master Plan and revealed that the area is underserved in certain retail categories to the tune of **\$47 million**. In total, expenditure data reveals that as much as \$47 million in annual expenditures are “leaking out” to other retail areas, most likely Perimeter Mall and surrounding shopping centers. This means that demand exists to support additional retailers within these categories and to capture the expenditures within the two-mile trade area. Top three categories:

- Grocery and specialty food - \$27.7 million
- Restaurants, bar and taverns - \$7.9 million
- Health and personal care - \$6 million

Office

Strengths

- Easy access to I-285
- Proximity to high income households
- Value location compared to Perimeter Office Market
- New investment is occurring throughout the district

Challenges

- High quantity of Class-C office space that is underutilized (although some class-c product is being redeveloped as townhomes)
- Lacks amenities
- Proximity to Perimeter Center office market

Anticipated Demand:

- Most likely local-serving and niche professional offices
- New medical office

Retail

Strengths:

- Residential density of the area creates a “built-in” market for neighborhood serving retail, especially grocery, restaurant, and convenience goods.
- High traffic counts and proximity to I-285
- New residential developments are planned and under construction

Challenges:

- Proximity to the established retail districts of Perimeter Center & Dunwoody Village

Anticipated Demand:

- Primary demand emanates from a 2-mile radius
- Secondary demand emanates from 3 mile radius and drive-through traffic
- “There is definite potential for a new, well-executed retail offering as part of a redevelopment plan in a high quality mixed-use setting.”

The Property

The subject property is centrally located in Dunwoody at the intersection of North Shallowford Road and Dunwoody Park. The site is approximately 2.5 acres. A location map is attached for reference. Stormwater detention capacity is being handled by an existing pond to the south of the site. The commercial development will be integrated into a residential development and public park already constructed.

Current Development Activity Adjacent to Site

John Wieland Collection is building a residential neighborhood called Dunwoody Green on the same 16 acre parent parcel. John Wieland is utilizing innovative housing product and architectural design to create a timeless feel that incorporates two public parks, linear greenways, and pedestrian connections to weave this once isolated property together with the surrounding neighborhoods.

This new community will offer 68 new residential homes at a variety of price points in a unique setting not available in Dunwoody. Homeowners are anticipated to be a mix of professionals, young couples, families, and empty nesters. Innovative housing product includes four home types of detached and paired homes with 2,500 square feet to 4,000 square feet with prices starting in mid \$400,000's up to \$740,000.

Additional Adjacent Developments

- Multi-family development called the Delido and two small commercial buildings are located directly North of the site.
- Heritage at Dunwoody – 50-lot detached single-family subdivision being built by Ashton Woods is located approximately 1.5 miles north of Dunwoody Green off of Vermack Road.
- 54-unit townhome development, which is located approximately .5 miles to the west of Dunwoody Green, off Old Spring House Lane. The townhome development is currently under construction by Minerva USA.
- Providence Group purchased a 3.5 acre tract just north of the Kroger development for 41 townhomes. Similar to the Minerva project, the development proposes high-end units with attentiveness to walkability, interconnected land uses, and an aging population.
- Emory Clinic opened a 22,000 square foot out-patient surgery center in May of 2014

- 12.1 The Contractor shall perform its obligations and functions hereunder in compliance with the applicable laws of the United States, the State of Georgia, DeKalb County, the City of Dunwoody, any applicable rules, regulations or directives of any agency thereof, and the applicable regulations of the City. OSHA rules and regulations shall be followed at all times. The City shall have the right (but not the obligation) to contest or challenge by any means whatsoever any law, regulation, rule or directive which in any way affects or otherwise impacts upon the Contractor's performance of its obligations and functions hereunder; the Contractor shall cooperate to the fullest extent and take whatever action (including becoming a party in any litigation) the City should reasonably request in connection with any such challenge or contest by the City.
- 12.2 The Contractor shall obtain and keep current all licenses, permits and authorizations, whether municipal, county, state or federal, required for the performance of its obligations and functions hereunder and shall pay promptly when due all fees therefore.
- 12.3 The Contractor shall abide by all applicable state and federal regulations pertaining to wages and hours of an employee; including but not limited to the Contractor's compliance with requirements of the Official Code of Georgia Annotated and relevant State Rules and Regulations.

13. CONTRACTOR'S LIABILITY

The Contractor shall be responsible for the prompt payment of any fines imposed on the City or the Contractor by any other federal, state or local governmental agency as a result of the Contractor's, or its subcontractor's (or the officers', directors', employees' or agents' of either), failure to comply with the requirements of any law or any governmental agency rule, regulation, order or permit. The liability of the Contractor under this Section 13 is in addition to and in no way a limitation upon any other liabilities and responsibilities which may be imposed by applicable law or by the indemnification provisions of Section 14 hereof, and such liability shall survive the expiration or earlier termination of this Contract.

14. INDEMNIFICATION AND INSURANCE

- 14.1 The Contractor shall indemnify, defend and hold completely harmless the City, and the members (including, without limitation, members of the City's Council, and members of the citizens' advisory committees of each), officers, employees and agents of each, from and against any and all liabilities (including statutory liability and liability under Workers' Compensation Laws), losses, suits, claims, demands, judgments, fines, damages, costs and expenses (including all costs for investigation and defense thereof, including, but not limited to, court costs, paralegal and expert fees and reasonable attorneys' fees) which may be incurred by, charged to or recovered from any of the foregoing by (i) reason or on account of damage to or destruction or loss of any property of the City, or any property of, injury to or death of any person resulting from or arising out of or in connection with the performance of this Contract, or the acts or omissions of the Contractor's directors, officers, agents, employees, subcontractors, licensees or invitees, regardless of where the damage, destruction, injury or death occurred, unless such liability, loss, suit, claim, demand, judgment, fine, damage, cost or expense was proximately caused solely by the City's negligence or by the joint negligence of the City and any person other than the Contractor or the Contractor's directors, officers, agents, employees, subcontractors, licensees, or invitees, or (ii) arising out of or in connection with the failure of the Contractor to keep, observe or perform any of the covenants or agreements in this Contract which are required to be kept, observed or performed by the Contractor, or (iii) arising out of or in connection with any claim, suit, assessment or judgment prohibited by Section 14.4 below by or in favor of any person described in Section 14.5 below, or (iv) arising out of or in connection with any action by Contractor or its directors, officers, agents, employees, subcontractors, licensees or invitees. The City

agrees to give the Contractor reasonable notice of any suit or claim for which indemnification will be sought hereunder, to allow the Contractor or its insurer to compromise and defend the same to the extent of its interests, and to reasonably cooperate with the defense of any such suit or claim. In carrying out its obligations under this section, the Contractor shall engage counsel reasonably acceptable to the City. In any suit, action, proceeding, claim or demand brought in respect of which the City may pursue indemnity, the City shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of the City unless (1) the Contractor and the City shall have mutually agreed to the contrary, (2) the Contractor has failed within a reasonable time to retain counsel reasonably satisfactory to the City, or (3) the City and the Contractor are both named parties in any such proceeding and, in the sole judgment of the City, representation of both the City and the Contractor by the same counsel would be inappropriate due to actual or potential differing interests between them. The indemnification provisions of this Section 14 shall survive the expiration or earlier termination of this Contract with respect to any acts or omissions occurring during the term of the Contract.

- 14.2 In addition to indemnification provisions stated above, if the City's use of any service, software, firmware, programming, or other item provided by or on behalf of the Contractor is enjoined due to infringement of another person or entity's intellectual property rights, the Contractor shall promptly, at its sole cost and expense, modify the infringing item so that it no longer infringes, procure for the City the legal right to continue using the infringing item, or procure for the City a non-infringing item, or procure for the City a non-infringing replacement item having equal or greater functional capabilities as the infringing item.
- 14.3 The Contractor shall assume all responsibility for loss caused by neglect or violation of any state, federal, municipal or agency law, rule, regulation or order. The Contractor shall give to the proper authorities all required notices relating to its performance, obtain all official permits and licenses, and pay all proper fees and taxes. It shall promptly undertake proper monetary restitution with respect to any injury that may occur to any building, structure or utility in consequence of its work. The Contractor will notify the City in writing of any claim made or suit instituted against the Contractor because of its activities in performance of the Contract.
- 14.4 No recourse under or upon any obligation, covenant or agreement contained in this Contract, or any other agreement or document pertaining to the work or services of the Contractor hereunder, as such may from time to time be altered or amended in accordance with the provisions hereof, or any judgment obtained against the City, or by the enforcement of any assessment or by any legal or equitable proceeding by virtue of any statute or otherwise, under or independent of this Contract, shall be had against any member (including, without limitation, members of the City's Council, or members of the citizens advisory committees of each), any officer, employee or agent, as such, past, present, or future of the City, either directly or through the City or otherwise for any claim arising out of or in connection with this Contract or the work or services conducted pursuant to it, or for any sum that may be due and unpaid by the City. Any and all personal liability of every nature, whether at common law or in equity, or by statute or by constitution or otherwise, of any such member, officer, employee, or agent, as such, to respond by reason of any act or omission on his or her part or otherwise for any claim arising out of or in connection with this Contract or the work or services conducted pursuant to it, or for the payment for or to the City, or any receiver therefore or otherwise, of any sum that may remain due and unpaid by the City, is expressly waived and released as a condition of and in consideration of the execution of this Contract and the promises made to the Contractor pursuant to this Contract.
- 14.5 In any and all claims against the City, or any of their officers, members, agents, servants or employees, by any employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation of the Contractor under this Section 14 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefit payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, disability benefit acts or other employee benefit acts.

14.6 No provisions of Section 14 herein shall be construed to negate, abridge, or otherwise reduce any other right of indemnity that the City may have as to any party or person described therein.

14.7 Insurance

14.7.1 General Liability and Automobile Liability. The Contractor shall purchase and maintain in force during the term of the Contract, at its own cost and expense, to protect the Contractor, the City, and the members (including, without limitation, all members of the governing City's Council and the citizens' advisory committees of each), officers, agents, and employees of each, from and against any and all liabilities arising out of or in connection with the Contractor's performance of the Contract work:

(2) Automobile liability insurance with policy limits of not less than ONE MILLION DOLLARS (\$1,000,000.00) combined single limit per accident or occurrence covering each motor vehicle operated on City property.

14.7.1.1 Self-Insured Retention. Contractor's commercial general liability insurance policies shall not be subject to a self-insured retention exceeding \$10,000, if the value of the Contract is less than \$1,000,000, and not be subject to a self-insured retention exceeding \$100,000, if the Contract is \$1,000,000 or more, unless approved by the City Manager. Contractor's automobile liability insurance policies shall not be subject to a self-insured retention exceeding \$10,000, unless approved by the City Manager.

14.7.2 Workers' Compensation and Employer's Liability. If Contractor has any employee working on City property, Contractor shall procure and maintain in force during the term of the Contract (i) workers' compensation insurance, and (ii) employer's liability insurance. The policy limits of the Contractor's employer's liability insurance shall not be less than \$100,000 for "each accident," \$500,000 for "disease policy limit," and \$100,000 for "disease each employee." Such insurance must contain nose and tail coverage to include work performed by the Contractor from the project's inception date and until such time as the Statue of Limitations has run for the work done on the project.

The Contractor's policies of insurance required by this Section 14.7 may require the Contractor's payment of a deductible, provided the Contractor's insurer is required to pay claims from the first dollar at 100% of the claim value without any requirement that the Contractor pay the deductible prior to its insurer's payment of the claim.

14.7.5 Other Insurance Requirements. All insurance policies required by this Section 14.7 shall provide that they are primary insurance with respect to any other valid insurance the City may possess, and that any other insurance the City does possess shall be considered excess insurance only. All such insurance shall be carried with a company or companies which meet the requirements of Section 15.2 of these General Conditions, and said policies shall be in a form satisfactory to the City. A properly completed and executed Certificate of Insurance on a form provided or approved by the City (such as a current ACORD certificate of insurance) evidencing the insurance coverage required by this Section shall be furnished to the City upon the Contractor's execution of the Contract. The Contractor shall provide the City with at least thirty (30) days' prior written notice of any adverse material change in the Contractor's required insurance coverage except that ten (10) days notice of cancellation for non-payment is required. For purposes of this Section, an "adverse material change" shall mean any reduction in the limits of the insurer's liability, any reduction, non-renewal or cancellation of any insurance coverage, or any increase in the Contractor's self-insured retention. Prior to the expiration of any such policy, the Contractor shall file with the City a certificate of insurance showing that such insurance coverage has been renewed. If the insurance coverage is canceled or reduced, the Contractor shall, within five (5) days after such cancellation or reduction in coverage, file with the City a certificate showing that the required insurance has been reinstated or provided through another insurance company or companies approved by the City. If the Contractor fails to obtain or have such insurance reinstated, the City may, if it so elects, and without waiving any other remedy it may have against the Contractor, immediately terminate this Contract upon written notice to the Contractor. The City Manager shall have the right to alter the monetary limits or coverage herein specified from time to time during the term of this Contract, and the Contractor shall comply with all reasonable requests of the City Manager with respect thereto.

16. CONTRACT ADJUSTMENTS

16.1 Notwithstanding any provision herein to the contrary, the City reserves the right to modify at any time the nature, method, scope, frequency, or timing of the Contractor's obligations under this Contract (Contract Adjustments) in whatever manner it determines to be reasonably necessary for the proper completion of the Contractor's work hereunder. Both parties agree that, should any Contract Adjustments be made, the Contractor's compensation and the amount of the Performance Bond or Letter of Credit required, will be adjusted accordingly, in such amount or amounts as will be mutually agreed to by means of good faith negotiation by the City and the Contractor and, to the extent possible, by reference to any unit costs already established in the Proposal. Without exception, all deletions or additions to the scope of work will be set forth in a written Amendment to this Contract.

16.2 Notwithstanding the foregoing, the City shall have the right to terminate this Contract pursuant to the provisions of Section 18.2 herein should the Contractor and the City fail to reach agreement on the adjusted compensation, or the amount of the Performance Bond or Letter of Credit, within thirty (30) days after the date of the Contract Adjustment.

Goods and services provided by subcontractors which are reimbursed by the City must be bona fide arm's-lengths transactions. In the event a subcontractor is employed, the Contractor shall continuously monitor the subcontractor's performance, shall remain fully responsible to ensure that the subcontractor performs as required and itself perform or remedy any obligations or functions which the subcontractor fails to perform properly. Nothing contained herein shall be construed to prevent the Contractor from using the services of a common carrier for delivering goods to the City.
- 17.2 This Contract shall be referred to and incorporated within any contractual arrangement between the Contractor and a subcontractor and, in such contractual arrangement; the subcontractor shall give its express written consent to the provisions of this Section 17. To the extent feasible, the provisions of this Contract shall apply to any such subcontractor in the same manner as they apply to the Contractor. However, such application shall neither make any subcontractor a party to this Contract, nor make such subcontractor a third party beneficiary hereof.
- 17.3 In the event that the Contractor employs a subcontractor, then the City may require that copies of invoices for all work (including invoices submitted to the Contractor for work performed by a subcontractor) shall be submitted to the City by the Contractor and the City shall pay all compensation to the Contractor. It shall be the sole responsibility of the Contractor to deal with a subcontractor with respect to the collecting and submission of invoices and the payment of compensation. In no event shall the City have any obligation or liability hereunder to any subcontractor, including, in particular, any obligations of payment.

18. DEFAULT AND TERMINATION

- 18.1 In the event that:
- 18.1.1 the Contractor shall repeatedly fail (defined for this purpose as at least three (3) failures within any consecutive twelve (12) month period) to keep, perform or observe any of the promises, covenants or agreements set forth in this Contract (provided that notice of the first two (2) failures shall have been given to the Contractor, but whether or not the Contractor shall have remedied any such failure); or

In the event that the City terminates this Contract for default, or the Contractor abandons or wrongfully terminates the Contract, the Contractor shall be paid for compensation earned to the date of termination or abandonment (but the City shall have the right to reduce by off-set any amounts owed to the Contractor hereunder or under any other Contract or obligation by the amount of the City's damages and any amounts owed by the Contractor to the City), but the Contractor shall not be compensated for any profits earned or claimed after the receipt of the City's notice of termination by default or after abandonment or wrongful termination. The City's election to terminate or not to terminate this Contract in part or whole for the Contractor's default shall in no way be construed to limit the City's right to pursue and exercise any other right or remedy available to it pursuant to the terms of the Contract or otherwise provided by law or equity.
- 18.2 Notwithstanding anything else herein contained, the City may terminate this Contract in whole or in part at any time for its convenience by giving the Contractor thirty (30) days written notice. In that event, the Contractor shall proceed to complete any part of the work, as directed by the City, and shall settle all its claims and obligations under the Contract, as directed by the City. The Contractor shall be compensated by the City in accordance with the provisions hereof, including in particular Section 2 of these General Conditions, provided, however, that in no event shall Contractor be entitled to compensation for work not performed or for anticipatory profits. (iii) In the vent of rejection of this Contract or any agreement supplementary hereto, the City may elect to retain its rights under this Contract or any agreement supplementary hereto as provided in section 365(n) of the Bankruptcy Code without prejudice to any of its rights of setoff with respect to this Contract under the Bankruptcy Code or applicable non-bankruptcy law; or In the event of a rejection of this Contract or any agreement supplementary hereto, the City may retain its rights under this Contract or any agreement supplementary hereto as provided in section 365(n) of the Bankruptcy Code without prejudice to any of its rights under section 503(b) of the Bankruptcy Code.

20. ASSIGNMENT

Neither this Contract nor any of the Contractor's rights or obligations hereunder may be assigned by the Contractor without the City's prior written consent, which consent may be granted or withheld at the City's sole discretion. - 24.6 The section headings herein are for the convenience of the City and the Contractor, and are not to be used to construe the intent of this Contract or any part hereof, or to modify, amplify, or aid in the interpretation or construction of any of the provisions hereof.
- 24.7 The use of any gender herein shall include all genders, and the use of any number shall be construed as the singular or the plural, all as the context may require.
- 24.8 The delay or failure of the City at any time to insist upon a strict performance of any of the terms, conditions and covenants herein shall not be deemed a waiver of that breach or any subsequent breach or default in the terms, conditions, or covenants of this Contract. The Contractor shall not be relieved of any obligation hereunder on account of its failure to perform by reason of any strike, lockout, or other labor disturbance.
- 24.9 If the City shall, without any fault, be made a party to any litigation commenced between the Contractor and a third party arising out of the Contractor's operations and activities at the premises, then the Contractor shall pay all costs and reasonable attorney's fees incurred by or imposed upon the City in connection with such litigation for all trial and appellate proceedings. The City shall give prompt notice to the Contractor of any claim or suit instituted against it by such third party. The provisions of this Section supplement and are not intended to be in lieu of the indemnification provisions of Section 5 hereof. The provisions of this Section shall survive the acceptance of the services and payment therefore, and the expiration or earlier termination of this Contract.
- 24.10 The City shall have the right to recover from the Contractor all of the City's costs and expenses incurred in enforcing the provisions of this Contract including, but not limited to, (1) the cost of administrative investigation and enforcement (including, without limitation, audit fees and costs, attorneys' fees) and (2) the cost of any trial, appellate or bankruptcy proceeding (including, without limitation, investigation costs, audit fees and costs, attorneys' fees, court costs, paralegal fees and expert witness fees). This provision shall survive the expiration or termination of the Contract.
- 24.11 The Contractor shall not during the term of the Contract knowingly hire or employ (on either a full-time or part-time basis) any employee of the City.
- 24.12 The Contractor shall be required, during the term of the Contract, at no additional cost to the City, to take such reasonable security precautions with respect to its operations at City Hall as the City in its discretion may from time to time prescribe. The Contractor shall comply with all regulations, rules and policies of any governmental authority, including the City, relating to security issues.
- 24.13 The City may, but shall not be obligated to, cure, at any time, upon five (5) days written notice to the Contractor (provided, however, that in any emergency situation the City shall be required to give only such notice as is reasonable in light of all the circumstances), any default by the Contractor under this Contract; whenever the City so cures a default by the Contractor, all costs and expenses incurred by the City in curing the default, including, but not limited to, reasonable attorneys' fees, shall be paid by the Contractor to the City on demand.
- 24.14 The City shall, in its discretion, be entitled to deduct from the compensation to which the Contractor is otherwise entitled hereunder, an amount equal to any liabilities of the Contractor to the City which are then outstanding. In the event that additional work beyond the scope of this Contract is requested by

the City Manager and it results in any extra charges to the City, the Contractor shall so advise the City in writing of the amount of the extra charges. The City is not required to pay any extra charges for additional work unless such work and the charges therefore have been approved in advance and have been confirmed in writing within twenty-four (24) hours by the City Manager, in his or her exclusive discretion.

- 24.15 The Contractor is an independent contractor and nothing contained herein shall be construed as making the Contractor an employee, agent, partner or legal representative of the City for any purpose whatsoever. The Contractor acknowledges that it does not have any authority to incur any obligations or responsibilities on behalf of the City, and agrees not to hold itself out as having any such authority. Nothing contained in this Contract shall be construed to create a joint employer relationship between the City and the Contractor with respect to any employee of the Contractor or of its subcontractors.
- 24.16 The Contractor and its subcontractors, if any, shall maintain complete and accurate books and records in accordance with generally accepted accounting principles, consistently applied, and shall be in a form reasonably acceptable to the City Manager or designee. The Contractor and its subcontractors shall account for all expenses of any nature related to transactions in connection with this Contract in a manner which segregates in detail those transactions from other transactions of the Contractor and subcontractors and which support the amounts reported and/or invoiced to the City. At a minimum, the Contractor's and subcontractor's accounting for such expenses and transactions shall include such records in the form of electronic media compatible with or convertible to a format compatible with computers utilized by the City at its offices; a computer run hard copy; or legible microfilm or microfiche, together with access to the applicable reader. All such books and records and computerized accounting systems, shall upon reasonable notice from the City be made available in DeKalb County, Georgia, for inspection, examination, audit and copying by the City through and by its duly authorized representatives at any time for up to four (4) years after the year to which books and records pertain. Such inspection, examination, or audit may include, but is not limited to a review of the general input, processing, and output controls of information systems, using read only access, for all computerized applications used to record financial transactions and information. The Contractor and subcontractor shall freely lend its own assistance in a timely manner in making such inspection, examination, audit, or copying and, if such records are maintained in electronic and other machine readable format, shall provide the City and/or its representative such assistance as may be required to allow complete access to such records. The City Manager may require the Contractor and subcontractors to provide other records the City Manager, in his or her sole discretion, deems necessary to enable the City to perform an accurate inspection, examination or audit of expenses incurred in and transactions related to performance of this Contract. Such records shall be provided within thirty (30) days of request thereof. In the event that expenses incurred or reimbursed are found by such inspection, examination, or audit to have been overpaid, the Contractor and its subcontractors agree that such amounts shall be payable to the City. If, prior to the expiration of the above-stated four (4) year record retention period, any audit or investigation is commenced by the City, or any claim is made or litigation commenced relating to this Contract by the City, the Contractor, or a third party, the Contractor shall continue to maintain all such records, and the City shall continue to have the right to inspect such records in the manner stated above, until the inspection, examination, audit, claim, or litigation is finally resolved (including the determination of any and all appeals or the expiration of time for an appeal). This provision shall survive the expiration or earlier termination of this Contract. In the event of any conflict between any provision of this Contract and generally accepted accounting principles or generally accepted auditing standards, the provisions of this Contract shall control even where this Contract references such provisions or standards. In particular, without limitation, the Contractor and subcontractors shall maintain all records required under this Contract to the full extent required hereunder, even if some or all such records would not be required under such generally accepted accounting principles or auditing standards. If as a result of an inspection, examination or audit, it is established that amounts are due from the Contractor to the City, the Contractor shall forthwith, upon written demand from the City, pay the City such amount, together with interest on the amount due at the rate of eighteen (18%) percent per annum, or if less, the maximum rate of interest allowed by law, from the date such additional amounts were overpaid by the City. Further if such inspection, examination or audit establishes that the

Contractor has over billed such amounts for any Contract period by two (2%) percent or more, then the entire expense of such inspection, examination or audit shall be paid by the Contractor.

- 24.17 The Contractor and subcontractors shall prepare and provide the City with all detailed reports as required under the Contract on a timely basis. The City reserves the right to modify the reporting procedures or the form and content of any report as it deems necessary.
- 24.18 There are no third party beneficiaries to this Contract and nothing contained herein shall be construed to create such.
- 24.19 Time is of the essence for the performance of each of the Contractor's obligations under this Contract.
- 24.20 In computing any period of time established under this Contract, except as otherwise specified herein the word "days," when referring to a period of time that is ten (10) days or less means business days, and when referring to a period of time that is more than ten (10) days means calendar days. The day of the event, from which the designated period of time begins to run shall not be included. A business day is any day other than Saturday, Sunday, or Federal, State of Georgia or City holidays.
- 24.21 The Contractor agrees to perform all acts and execute all supplementary instruments or documents which may be reasonably necessary to carry out or complete the transaction(s) contemplated by this Contract.
- 24.22 The City reserves the right to further develop, improve, repair and alter the facilities and all roadways, and parking areas, as it may reasonably see fit, free from any and all liability to the Contractor for loss of business or damages of any nature whatsoever to the Contractor occasioned during the making of such improvements, repairs, alterations and additions, including, but not limited to, any damages resulting from negligence of the City or its employees, agents or contractors.
- 24.23 The Contractor and the City hereby mutually waive any claim against each other and their respective members, officials, officers, agents and employees for damages (including damages for loss of anticipated profits) caused by any suit or proceedings brought by either of them or by any third party directly or indirectly attacking the validity of this Contract or any part thereof, or any addendum or amendment hereto, or the manner in which this Contract was solicited, awarded or negotiated, or arising out of any judgment or award in any suit or proceeding declaring this Contract, or any addendum or amendment hereto, null, void or voidable or delaying the same, or any part thereof, from being carried out.
- 24.24 At the option of the Contractor, the products and/or services provided under the Contract resulting from this solicitation may be provided to other governmental agencies, including the State of Georgia, its agencies, political subdivisions, counties and cities under the same terms and conditions, including price, as such products and/or services are provided under this Contract. Each governmental agency allowed by the Contractor to purchase products and/or services in connection with this Contract shall do so independent of the City or any other governmental entity. Each agency shall be responsible for its own purchases and shall be liable only for goods and services ordered, received and accepted by it. The City shall have no liability to the Contractor or any governmental agency resulting from the purchase by that agency of products and/or services from the Contractor in connection with this Contract.
- 24.25 Contractor must adhere to the City's Travel Policy.
