MEMORANDUM

To: Mayor and City Council

From: Billy Grogan, Chief of Police

Date: June 10, 2019

Subject: Approval of Purchase of 5 Laptops & Mounts and Server for 9-1-1 Center

DESCRIPTION

Approval of purchase of five Laptops and In-Car Mounts for them and the purchase of a replacement Query Server at ChatComm.

BACKGROUND

Our current laptops are at their end of life. Their replacement will be budgeted for in the 2020 Budget. However, five laptops are no longer serviceable at this time according to our IT department. Therefore, we need to replace them immediately with \$17,675 of capital funds that have previously been allocated for the radio project.

Our current Query Server at ChatComm must be replaced immediately. There has been some stability issues that will be resolved with this replacement. All four cities are having to upgrade their Query Server. In order for the new process to be implemented, the server must be replaced in all of the cities served by ChatComm. Therefore we need to replace our Query Server immediately with \$18,639.59 of funds from our E9-1-1 Account.

RECOMMENDATION

After discussing this mid-year purchase with our Finance Director and IT Director, staff recommends moving forward immediately with the purchase of these items.
