Re: Janitorial Contract Renewal

Date: 13 June 2022

**Action**

Authorize the mayor, city manager, or designee of same to execute all documents necessary and proper to enter into a contract with CEGLR Group LLC for janitorial services at the three main city facilities (City Hall, Annex, Arts Center) for a term not to exceed December 31, 2026

**Summary**

The city started to oversee overall management of its property with a new position under the Parks Department effective January 1, 2022. The previous vendor, that new position replaced, had a subcontract for janitorial services which the City Council authorized to be extended and re-bid before June 30, 2022. This agenda is the rebid.

**Details**

The janitorial contract at its base covers a night crew cleaning each building; two positions to cover the three during normal working hours, one also being a handyman; and emergency and special services on demand. CEGLR Group LLC was the previous vendor and has served the city since its move into City Hall and current staff and tenant staff in the Arts Center have been satisfied with their service.

The city received ten bids for the contract and the scoring committee narrowed it down to three asking for revised costs based on the minimal level of service. The score fell as follows:

	Base Score	Cost Score	Total Score
CEGLR	230	20	250
Kimco	220	10	230
Ascential	205	17	222

The base cost for the four and one half years will be \$662,943 averaging \$162 thousand a year. Current billed rate is approximately \$160 thousand a year as it varies slightly month to month. The costs over the base are if repair services above the handyman level are needed, generally items taking over an hour.

**Recommendation**

Authorize the mayor, city manager, or designee of same to execute all documents necessary and proper to enter into a contract with CEGLR Group LLC for janitorial services at the three main city facilities (City Hall, Annex, Arts Center) for a term not to exceed December 31, 2026

The City may negotiate with the highest-ranking vendor for each service area. Negotiations may take place in person or via telephone with the qualified firm(s) as identified by the City, or if short-listing occurs, the City may negotiate with some or all of the short-listed Bidders. The City may give Bidders an opportunity to submit their best and final offers; which shall include a contract signed by the Bidder. The City of Dunwoody requires pricing to remain firm for the duration of the contract. Failure to hold firm pricing for the duration of the contract will be sufficient cause for the City to declare a proposal non-responsive.

The Bidder awarded the Contract must provide proof of liability insurance, along with any other required insurance coverage and evidence of business or occupational license, as outlined in the RFP.

The City reserves the right to waive any informalities or irregularities of proposals, to request clarification or information submitted in any proposal, to request additional information from any Bidder, or to reject any or all proposals and to re-advertise for proposals. ## **1. General Information**

### **1.1. Background**

The City of Dunwoody is an incorporated city (2008) on the north side of metro Atlanta with a 2010 census population of 46,267. It is a scenic community with many of the metro areas top dining, shopping, schools, and recreation. The City of Dunwoody is settled at the most northern tip of DeKalb County, bordered by Fulton County on the north and west, Interstate 285 to the south, and Gwinnett County on the northeast. Dunwoody is home to a large high-end shopping mall (Perimeter Mall), a significant amount of Fortune 500 companies, and an affluent residential base. The City is fortunate to have strong neighborhoods, a variety of places of worship and several neighborhood level shopping centers and office complexes. The road network and public transit provide easy access to Buckhead, Midtown, Downtown, and Hartsfield Jackson International Airport. Dunwoody is regarded as a family friendly and convenient location for businesses and visitors.

The City functions under the governance of a City Council and the management of a City Manager. The City provides municipal services to its citizens and businesses in a unique and progressive manner through a partnership with private firms. From the initial incorporation, the City has operated as a public-private partnership (PPP), with the vast majority of City staff employed by private companies where the City has determined that the PPP model adds value, flexibility, promotes competition, builds accountability, and provides the highest level of customer service to the citizens of the City.

### **1.2. Purpose of Procurement**

The purpose of this RFP is to enter into a public-private partnership with a highly experienced service provider who has the capability and professional staffing resources required to provide high quality service. Firms shall provide service to the City for the period of four years, plus one additional year at the City's option.

Staffing levels during the contract may be fluid and are expected to be provided by staff assigned to the City on a full-time basis, part-time basis, and back office support. Staffing levels rise and fall in conjunction with the workload. The RFP is to identify Contractors who can accomplish the scope of work in the most advantageous, and perhaps creative, methods. The contract is NOT a staffing arrangement; nor does the current RFP merely mirror the existing staffing structure and scope of work for the current PPPs. Accordingly, head counts, existing staff evaluations, organization structures and costs may not be relevant to proposals for this RFP and should be considered only under this understanding.

The City seeks Contractor(s) to manage the delivery of municipal services in a responsive, economical, and efficient manner. Furthermore, the City expects that the Contractor(s)

will identify any causes of inefficiencies or uneconomical practices, including inadequacies related to the types of policies and procedures within respective service areas. The City expects Contractors to continuously improve the services delivered to the City’s residents by tracking key performance indicators and by providing ongoing professional development for contracted staff.

**1.3. Term of Contract**

The term of the contract for the delivery of municipal services in each service area will be from July 2022 through the following forty-eight (48) succeeding months, plus another twelve (12) months at the City’s election.

Each proposal shall be prepared simply and economically, providing **straightforward and concise** delineation of Bidder's capabilities to satisfy the requirements of this RFP. Emphasis in each proposal must be on completeness and clarity of content. To expedite the evaluation of proposals, it is essential that Bidders follow the format and instructions contained herein. The City factors the proposal itself when considering the Contractor's ability to deliver high quality services.

#### 3.2 Proposal Submission

To support a non-biased evaluation of submitted proposals, the City is requesting Bidders to submit their proposals in two (2) individually sealed envelopes, one being the TECHNICAL proposal and the other being the COST proposal. Bidders shall submit the technical and cost proposal envelopes in one (1) sealed and marked package sent to the designated address but in separate envelopes within that package. The City will score all technical proposals first before evaluating the Cost Tables – Appendix D. Once the City evaluates all technical and cost proposals, the evaluation team will calculate the final score for each proposing Bidder for each service area.

##### 3.2.1 Technical Proposal

The technical proposal envelope shall contain the following:

- Six (6) printed and one (1) signed original; and
- One (1) electronic copy on a flash drive, in searchable PDF

Alternatively, proposals may include one single blended rate for all team members. The City will not evaluate any additional material submitted by the Contractor.

The technical and cost proposals shall include the following.

#### **3.3.1.3.1 Qualifications of Firm**

This section shall include information on the Bidder’s corporate organization (history, size, etc.), experience, and skills regarding the Bidder’s record of accomplishment, reputation, and past performance in providing services to municipalities of similar size and indicate the capabilities for the successful completion of this work. Furthermore, Bidders shall provide information pertaining to the following:

- Describe attributes, special capabilities, techniques, or resources that make your firm uniquely qualified to provide requested services.
- Discuss your firm’s involvement with similar projects at the federal, state, and/or local government levels.
- State whether the Bidder has any pending litigation, and state whether the firm has had any litigation in the last five (5) years and the outcome of such litigation.
- Describe the “back office” attributes, capabilities, and resources that will

support the staff positioned at the City's premise(s).

- The City reserves the right to verify Bidder's financial statements and information provided to ensure that Bidder has the necessary financial resources to perform the contract in a satisfactory manner.
- A listing of physical offices manned by at least one full-time individual on January 1, 2020 in the Atlanta MSA. The list should include street address, purpose of the business, and summary of the staff at that facility.
- A listing of ongoing similar contracts to this RFP that were in effect on January 1, 2020 in the Atlanta MSA. The list should include the contracting entity, area of contractual services (e.g. City of Dunwoody) purpose of the contract, and summary of its operations.

#### **3.3.1.3.2 Qualifications of Staff**

The City expects staffing levels within the service areas to remain flexible to allow additional back office support when applicable. Therefore, the City acknowledges that Contractors may occasionally alter staff. Please note that the City has the final say on any staffing replacements and Contractors may not replace staff until receiving approval from the City. – See Section 2.1(g) regarding staff reassignments. In addition, Bidders shall provide answers to the following:

- Describe the staffing methodology and include the approach taken to fill staff positions during times of vacancy such as vacation, sickness, FMLA, or attrition.
- Describe Contractor's and any proposed staff's qualifications and experience with the delivery of municipal services; particularly those described for this project.

- The City expects Bidders responding to this RFP to provide the City with a high-level organizational chart, which should depict how the Bidder's organization intends to staff the various departments they are proposing. If a Bidder is submitting proposals for more than one (1) service area then the Bidder must provide an organizational chart for each department they are submitting. The organizational chart should include on-site, subcontracted, and Contractor-provided (back office) service positions.

#### **3.3.1.4 References**

Bidders shall submit three (3) references for similar projects. Bidders must provide a complete list of clients for which services comparable in scope and size to those requested in this RFP have been rendered, a brief description of the services rendered, the dates of services, and the name, address, telephone number and email of the prospective vendor's contact person in that agency. Reference contact must have agreed to provide a complete and uncensored testimony.

#### **3.3.1.5 Required Forms**

The City requests Bidders to complete, sign and return as a part of the TECHNICAL proposal forms that are attached to this RFP (with the exception of Appendix D that should be a part of the COST Proposal).

#### **Cost Proposal:**

#### **3.3.2 Cost Proposal Content**

Bidder shall provide a not-to-exceed price for all services indicated in this RFP. Pricing shall show 48 payments plus an optional 12 additional payments. The City of Dunwoody requires pricing to remain firm for the duration of the contract. An authorized representative of the bidding firm shall sign the cost proposal.

Bidders shall complete all parts of Appendix D – Cost Table, showing the costs associated with providing services for all service areas proposed. Bidders should also provide detailed costing information for each service area for which they respond.

Additionally, Bidder should list hourly rates for all team members for any additional related services that may be required beyond the scope of this RFP, specifically for major repairs as outlined in the scope of work.

The City pays for software maintenance contracts, paving, patching, landscaping, etc. This is not the Contractor's obligation and should not be factored into the Contractor's pricing. To facilitate efficient evaluation sessions, the City asks Bidders to strictly follow the format mentioned in the RFP Section 3 – Proposal Format.

The City's staff will review all proposals submitted. After reviewing the proposals, the City may, at its discretion, invite to interview (at Bidder's expense) one or more of the Bidders whose proposals appear to best meet the City's requirements. Interview responses along with the written proposal and samples (if any), will become part of Bidder's submission evaluated pursuant to the evaluation criteria. The City reserves the right to short-list Bidders for further consideration.

The following are the evaluation criteria the City will consider in determining which proposal is most advantageous to the City:

##### **B. Firm and Staff Qualifications**

The Proposal must give a detailed report of related experiences that will demonstrate the ability of the Bidder to perform requested duties and provide the services as outlined in this RFP. The Proposal shall include the resumes of those qualified personnel proposed to fill the duties of the assignments at the appropriate levels requested by this RFP.

##### **C. Cost Proposal Fee – (Submitted in a separate SEALED package from the technical proposal)**

The Cost Proposal must be submitted upon the format identified and must include all professional service levels, including those services to be provided by Sub-Contractors. The City pays for software maintenance contracts, paving, patching, etc. This is not the Contractor's obligation and should not be factored into the Contractor's pricing. However, if the Contractor must utilize proprietary or self-owned hardware and software (or other equipment) not contemplated within the scope of this RFP, the Contractor should include those costs.

##### **D. References**

Bidders shall submit three (3) references for similar projects and only three. ## **6. Instruction to Bidders**

### **6.1 Intent**

It is the intent of these Instructions to establish guidelines for the proper completion of the Proposal Forms. These Instructions to Bidders provide guidance and explanation for subsequent Proposal Forms and Contract Documents. Please read all Instruction paragraphs.

### **6.2 General**

- A.** The City's goal is that all the terms and conditions stated in the Proposal Documents will constitute the terms of the final Contract between the City and the successful Bidder, without significant or material change to such terms or conditions. Exceptions to any of the terms of the agreement to which a Bidder will not or does not agree must be presented prior to the deadline for submitting questions by the Bidder in writing as provided in this section and directed to [Purchasing@dunwoodyga.gov](mailto:Purchasing@dunwoodyga.gov). Such exceptions must be specific, and the Bidder must state a reason for each exception and propose alternative language. The purpose of the exception process is to permit the City to correct, prior to the opening of the proposals, any technical or contractual requirement, provision, ambiguity, or conflict in the RFP and related documents, which may be unlawful, improvident, unduly restrictive of competition, or otherwise inappropriate. Any corrections will be made via an addendum issued prior to the submission deadline. Unless timely submitted as an exception and amended with an addendum, any such ambiguity, conflict or problem shall be resolved in favor of the City of Dunwoody. Bidders shall not substitute entire agreements or sets of terms and conditions, but discuss separately each term or condition that they take exception to or desire to change. Bidders should resolve any language issues with the Contract prior to bidding and not assume language will be altered after bids are accepted.
- B.** The Contract work for each service area shall not be divisible, and shall be awarded, if an award is made, to a single Bidder. The City will award only one contract for each service area required under this Request for Proposals. If the successful Bidder intends to provide any services through another company, the successful Bidder must serve as the City's prime Contractor and shall have full responsibility to the City for all obligations under the Contract.
- C.** A Bidder's Proposal prices shall remain firm for the duration of the initial term of the Contract. Any anticipated increases in Bidder's costs during the initial term of the Contract must be reflected in its prices set forth in its Proposal. The City shall not be obligated to renegotiate or increase any price for any work during the initial term of the Contract based on a Bidder's mistake or miscalculation of prices, underestimation of costs, or for any other reason. All

of the Bidder's overhead costs, including, but not limited to, costs of travel and the required bonds and insurance coverage, shall be included in such Bidder's prices listed in its Proposal.

- D. The Contract, if awarded, shall not be construed to create unto the Contractor any exclusive rights with respect to any of the City's requirements. The City may in its sole discretion award any additional or similar services to any third party, or if the Contract is for the provision of services, the City may elect to perform all or a portion of the services by its own employees.
- E. There shall be no reimbursable or travel expenses associated with this project regarding any category or term. Without limiting the generality of the foregoing, all of the Bidder's overhead costs related to travel shall be included in such Bidder's prices in its Proposal.
- F. The City will contract with the successful Bidder to provide services indicated in the Scope of Work throughout the duration of the Contract at the price submitted. The City will not price a contract for hourly rates.

### **6.3 Environmental Sustainability**

The City of Dunwoody is committed to environmental sustainability. The City believes we have a unique opportunity to expand our leadership in the area of environmentally preferable purchasing, and through our actions, elicit changes in the marketplace. By further incorporating environmental considerations into public purchasing, the City of Dunwoody will positively impact human health and the environment, remove unnecessary hazards from its operations, reduce costs and liabilities, and improve the environmental quality of the region. As such, the City encourages the incorporation of environmental sustainability into proposals.

### **6.4 Examination of Proposal/Contract Documents**

All prospective Bidders shall thoroughly examine and become familiar with the Proposal package and carefully note the items, which must be submitted with the Proposal. (These Instructions to Bidders, the Request for Proposals, the Proposal Forms, the Contract, the General Conditions, and the Scope of Work are referred to herein as the "Proposal Documents" or the "Contract Documents"). Submission of a Proposal shall constitute an acknowledgment that the Bidder has read and understands the Proposal Documents. The failure or neglect of a Bidder to receive or examine any Proposal Document shall in no way relieve it from any obligations under its Proposal or the Contract. No claim for additional compensation will be allowed which is based upon a lack of knowledge or understanding of any of the Contract Documents or the scope of work.

### **6.5 Addendum(s)-Changes While Proposing**

Other than during the Pre-Proposal Conference, the City shall not be required to provide to any Bidder verbal interpretations as to the meaning of any portion of the Proposal Documents. Requests for interpretation, clarification or correction of Proposal Documents, forms or other material in this Proposal Package should be made in writing and delivered to John Gates, Purchasing Manager, 4800 Ashford Dunwoody Rd, Dunwoody GA 30338 or by e-mail to [Purchasing@dunwoodyga.gov](mailto:Purchasing@dunwoodyga.gov) no later than Thursday, **March 31 at noon**. Any response by City to a request by a Bidder for clarification or correction will be made in the form of a written Addendum. All parties to whom the Proposal packages have been issued will be sent a notification of the issuance of an Addendum either by e-mail and/or by facsimile. The Addendum may be electronically downloaded by visiting either the City Purchasing Department's website at the link below or by visiting Georgia's Department of Administrative Services (DOAS) web site at the link below. Prior to submitting its response, it shall be the responsibility of each Bidder to visit the City Purchasing Department's website to determine if addendum(s) were issued and, if so, to obtain such addendum(s).

## 6.6 Preparation of Proposals

- A. Proposals shall be submitted on reproduced copies of the attached Proposal Forms including any revised or additional Proposal Forms supplied by Addendum(s). If an award is made, the completed Proposal Forms shall constitute a part of the Contract Documents and will be incorporated in the final Contract between the City and the successful Bidder. All blank spaces in the Proposal Forms should be filled in legibly and correctly in ink or type.
- B. All Proposals shall contain the name and business address of the individual, firm, corporation, or other business entity submitting the Proposal and shall be subscribed by either the individual, a general partner, a member of a member-managed LLC, a manager of a manager-managed LLC, or an authorized officer or agent of a Corporation or business entity, and should be properly witnessed or attested. If any officer or agent other than the signatories described in the preceding sentence shall sign any Contract Document on behalf of the Bidder, the City should be furnished with satisfactory evidence of such officer's or agent's authority to bind the Bidder with respect to the contents of the subject Proposal Documents so signed by him or her. If the Bidder is an LLC, the Bidder should submit with its Proposal its Articles of Organization or other evidence satisfactory to the City, indicating whether the LLC is member-managed or manager-managed, and indicating that the person executing the Proposal is authorized to bind the LLC.
- C. If the Bidder is a partnership, joint venture, or sole proprietorship, the City, reserves the right to require the Bidder to submit to the City at any time the

name and business address of each owner, principal, partner, or member of the Bidder having an ownership or management position with the Bidder.

- D.** If the Bidder is a corporation or other state-chartered business entity, the City reserves the right to require the Bidder to submit to the City at any time, the name and business address of each officer, director, and holder of 10% or more of the stock or other ownership interests of such corporation or other business entity. If the Bidder is a corporation, the Proposal should have the corporate seal affixed and include the name of the State in which it was incorporated. If the Bidder is a foreign corporation or other state-chartered business entity and is the successful Bidder, the Bidder will be required to submit evidence prior to the execution of the Contract, if awarded, that the corporation or other state-chartered business entity is authorized to do business in the State of Georgia and the City. If the Bidder elects to use a fictitious name in its Proposal, a copy of the Bidder's fictitious name registration should be provided to City.

### **6.7 Proposal Guaranty**

A Proposal Guaranty shall not be required for this Contract.

### **6.8 Delivery of Proposals**

- A.** All Proposals shall be submitted in sealed envelopes marked on the outside according to the requirements stated in the RFP. Each Proposal shall consist of an executed copy of the Proposal Form, along with all other documents or information required to be submitted pursuant to the terms of the Proposal Documents (together, the "Proposal"). The documents comprising the Proposal must be completed and signed on the forms provided herein, or on exact reproductions thereof.
- B.** All Proposals shall be submitted pursuant to the terms outlined in these Instructions to Bidders. Any Proposals received after the time and date specified in the Request for Proposals for the opening of the Proposals will not be considered, but will be returned unopened.
- C.** Each Bidder's response to the Request for Proposals shall be at the sole cost and expense of the Bidder and such Bidder shall have no right or claim against the City for costs, damages, or loss of profits. The Bidder shall have no right to recover such costs, damages, or expenses in the event the City exercises its right to reject any or all Proposals or to cancel an award pursuant to a provision hereof for any reason.

- D.** Submission of a Proposal shall constitute authorization for the City and its representatives and agents to make such copies of the Proposal or portions thereof and to distribute such copies as may be necessary or desirable to carry out the City's objectives or requirements.

## **6.9 Communications Regarding Evaluation of Proposals**

To ensure the proper and fair evaluation of Proposals, the City prohibits any communication related to this contract and initiated by a Bidder or its agent to an employee of the City evaluating or considering the Proposal during the period of time following the opening of Proposals and prior to the time a decision has been made with respect to the Contract award. An employee or representative of the City who is not a member of the selection team may initiate communication with a Bidder in order to obtain information or clarification needed to develop a proper and accurate evaluation of the Proposal. Any communication initiated by Bidder during evaluation should be submitted in writing and delivered via e-mail to [Purchasing@dunwoodyga.gov](mailto:Purchasing@dunwoodyga.gov). Unauthorized communication by the Bidder shall disqualify the Bidder from consideration.

## **6.10 Withdrawal of Proposals**

No Proposal may be withdrawn after it is submitted unless the Bidder makes a request in writing and such request is confirmed as received prior to the time set for opening of Proposals. No Proposal may be withdrawn after the scheduled Proposal opening time for a period of one hundred eighty (180) days. Any Bidder withdrawing or attempting to withdraw its Proposal prior to the expiration of the one hundred eighty (180) day period shall be obligated to reimburse the City for all its costs incurred in connection with such withdrawal or attempted withdrawal including, without limitation, any increased costs for procuring the goods or services from another Bidder or all costs of advertising and re-procuring the goods or services, and all attorneys' fees, in addition to payment of City's other damages. A Bidder's submission of a Proposal shall be deemed the Bidder's acknowledgment of an agreement to the provisions of this Section.

## **6.11 Disqualification of Bidders**

- A.** Any of the following causes may be considered as sufficient for the disqualification of a Bidder and the rejection of its Proposal:
- 1.** Submission of more than one Proposal for the same work, or participation in more than one Proposal for the same work as a partner or principal of the Bidder, by an individual, firm, partnership or corporation, under the same or different names, or by Bidders which are affiliates, either at the time of submittal, or at the time of award. This is not intended to prevent subcontractors or individual team members from negotiating with the primary Contractor to provide

services. For purposes of this section, the term “affiliates” means firms, partnerships, corporations or other entities under common control;

2. Evidence of collusion between or among Bidders including, but not limited to, agreements not to compete for contracts with the City;
  3. Evidence, in the opinion of the City, of Bidder(s) attempting to manipulate the Proposal pricing for its own benefit (e.g. pricing resulting in a failure of the City’s ability to enforce the Contract or impose the remedies intended following breach by Contractor);
  4. Being in arrears on any of its existing contracts with the City or in litigation with the City or having defaulted on a previous contract with the City;
  5. Poor, defective or otherwise unsatisfactory performance of work for the City or any other party on prior projects which, in the City’s judgment and sole discretion, raises doubts as to Bidder’s ability to properly perform the work; or
  6. Any other cause which, in the City’s judgment and sole discretion, is sufficient to justify disqualification of Bidder or the rejection of its Proposal.
  7. Evidence of improper communication as described in section 6.9 above.
- B.** The City has adopted a policy, which addresses, among other things, the obligations of the City’s employees with respect to interest in business entities, unauthorized compensation, and acceptance of gifts. Please be aware that any act by a Bidder that could cause a City employee to violate the policy is sufficient cause for the denial of the right of the Bidder to propose on any contract or sell any materials, supplies, equipment, or services to the City for a period of time that is determined by the City Manager and/or City Finance Director.

### **6.12 Rejection of Irregular Proposals**

A Proposal may be considered irregular and may be rejected if it is improperly executed, shows omissions, alterations of form, additions not called for, unauthorized conditions, or limitations, or unauthorized alternate Proposals;; fails to include the proper Proposal Guaranty, Contract references, other certificates, affidavits, statements, or information required to be included with Proposals, including, but not limited to, the Bidder’s prices;; or contains other irregularities of any kind.

### **6.13 Notice of Intent to Award Contract**

Unless all Proposals are rejected, a Notice of Intent to Award is anticipated to be provided within ninety (90) days from the opening of Proposals to the responsible and responsive Bidder submitting the Proposal deemed to be most advantageous to the City, price and other factors being considered. For all procurements, the City reserves the right to reject any or all Proposals and to cancel the procurement or to solicit new Proposals.

### **6.14 Responsibility of Bidders**

- A.** City reserves the right, to aid it in determining a Bidder's responsibility, to require a Bidder to submit such evidence of Bidder's qualifications as the City may deem necessary, and may consider any evidence available to the City of the financial, technical, and other qualifications and abilities of a Bidder, including past performance (experience) with the City and others. The City shall be the final authority in the award of any and all Proposals.
- B.** All Bidders shall furnish the City with the company name, address, contact person, and telephone number of preferably three (3) entities (entities other than the City) for which they have supplied similar services as requested in this Proposal. The information should be submitted on the provided Contract References page with the knowledge that the City will use the data for reference purposes. The City does check all references and requires the Bidder to notify the reference, verify contract information, and obtain permission from the reference before completing the form.
- C.** For a Bidder to meet the minimum responsibility criteria for this Contract, the Bidder must provide verifiable evidence, through references or otherwise, that the Bidder is an individual, a firm, a corporation, or other entity that has experience or is engaged in providing such services and, taking into account the activities of a related predecessor, affiliate, or principal of Bidder, has been actively engaged in such activity for at least three (3) years.

### **6.15 Guaranty of Faithful Performance**

A Performance Bond shall not be required for this Contract.

### **6.16 Power of Attorney and Countersignature**

Not applicable.

### **6.17 Execution of Contract**

- A. The Bidder to whom the Notice of Intent to Award is given shall, within ten (10) business days of the date of the Notice of Intent to Award, execute and/or deliver the following to the City: the Contract, a copy of the Bidder's valid business or occupational license, and all other documents and information required by the Contract Documents. All of the above documents and information must be furnished and the Contract Documents executed by the Bidder, and delivered to the City, before the Contract will be executed by the City.
- B. A Bidder's failure to timely fulfill its obligations under this section shall be just cause for withdrawal of such Notice of Intent to Award. In such case, a Notice of Intent to Award may then be issued to the next ranked Bidder or all Proposals may be rejected and the Contract re-advertised. In such event, the City shall be entitled to receive its damages and costs, including, but not limited to, its attorneys' fees caused by or in connection with a Bidder's failure to fulfill its obligations under this paragraph. A Bidder's liability for failing to timely fulfill the obligations stated in this paragraph shall be the same as for withdrawing its Proposal (see Section 6.10).
- C. The Contract shall not be binding upon the City until it has been executed by the City and a copy of such fully executed Contract is delivered to the Contractor. The City reserves the right to cancel the award without liability to any Bidder at any time before the Contract has been fully executed by the City and delivered to the Contractor. Accordingly, the Contractor is hereby warned that it should not commence performance or incur costs or expenses in connection with the Contract obligations until it has been delivered a final, fully executed copy of the Contract.

### **6.18 Georgia Sales Tax**

The City is a governmental agency and a political subdivision under Georgia law. Purchases by the City under this Contract are exempt from sales tax: A City tax-exempt number is not required for a municipality. No purchase made by any entity is qualified to be exempt other than those made directly by the City. The City's sales tax exemption does not apply to goods or services purchased or consumed by a Contractor for which the Contractor is deemed to be the ultimate consumer in connection with the fulfillment of its Contract obligations, and the City shall have no liability for such taxes.

### **6.19 Subcontracts**

- A. The Contractor's right to subcontract shall be governed by the provisions of Section 7.17 of the General Conditions.

- B. Nothing contained in these Contract Documents shall be construed as creating any contractual relationship between any subcontractor and the City.
- C. The Contractor shall be fully responsible to the City for the acts and omissions of a subcontractor and of persons employed by said subcontractor to the same extent that the Contractor is liable to the City for acts and omissions of persons directly employed by it.

#### **6.19 Familiarity with Laws**

All Bidders and the Contractor are presumed to be familiar with and shall observe all Federal, State and local laws, ordinances, codes, rules and regulations, including, without limitation, the City's rules and regulations, that may in any way affect work herein specified. Ignorance on the part of the Contractor shall in no way relieve Contractor from any such responsibility or liability. Contractor's compliance with requirements of O.C.G.A. 13-10-91 and Rule 300-10-1-.02 will be attested.

#### **6.20 Security**

The successful Bidder will be required to comply with all applicable standards of the City relating to security, which may be in effect or changed from time to time.

If the Contractor fails to obtain or have such insurance reinstated, the City may, if it so elects, and without waiving any other remedy it may have against the Contractor, immediately terminate this Contract upon written notice to the Contractor. The City Manager shall have the right to alter the monetary limits or coverage herein specified from time to time during the term of this Contract, and the Contractor shall comply with all reasonable requests of the City Manager with respect thereto.

#### **7.16 Contract Adjustments**

- A.** Notwithstanding any provision herein to the contrary, the City reserves the right to modify at any time the nature, method, scope, frequency, or timing of the Contractor's obligations under this Contract (Contract Adjustments) in whatever manner it determines to be reasonably necessary for the proper completion of the Contractor's work hereunder. Both parties agree that, should any Contract Adjustments be made, the Contractor's compensation and the amount of the Performance Bond or Letter of Credit required, will be adjusted accordingly, in such amount or amounts as will be mutually agreed to by means of good faith negotiation by the City and the Contractor and, to the extent possible, by reference to any unit costs already established in the Proposal. Without exception, all deletions to the scope of work will be set forth in a written Amendment to this Contract.
- B.** Notwithstanding the foregoing, the City shall have the right to terminate this Contract pursuant to the provisions of Section 7.18 (B) herein should the Contractor and the City fail to reach agreement on the adjusted compensation, or the amount of the Performance Bond or Letter of Credit, within thirty (30) days after the date of the Contract Adjustment.

- C. Notwithstanding the foregoing, there shall be no upward adjustment of the compensation on account of any Contract. Adjustment made necessary or appropriate as a result of the mismanagement, improper act, or other failure of the Contractor, its employees, agents, or its subcontractors to properly perform its obligations and functions under this Contract.
- D. Upon the conclusion of the contract, the City may choose, at its sole discretion, to hire employees currently employed by the Contractor. The Contractor agrees to hold the employee harmless from any action resulting from a City-initiated transfer of employment to a City employee.

#### **7.17 Subcontractors**

- A. The Contractor shall perform all of its obligations and functions under this Contract by means of its own employees, or by a duly qualified subcontractor, which is approved in advance by the City. Such subcontractor, which is an affiliate, parent, or subsidiary company; or had principal owners, relatives, management, or employees common to the Contractor; or any other party that has the ability to significantly influence the management or daily business operations of the subcontractor must be disclosed in writing to the City Manager. Goods and services provided by subcontractors, which are reimbursed by the City must be bona fide arm's-lengths transactions. In the event a subcontractor is employed, the Contractor shall continuously monitor the subcontractor's performance, shall remain fully responsible to ensure that the subcontractor performs as required and itself perform or remedy any obligations or functions, which the subcontractor fails to perform properly. Nothing contained herein shall be construed to prevent the Contractor from using the services of a common carrier for delivering goods to the City.
- B. This Contract shall be referred to and incorporated within any contractual arrangement between the Contractor and a subcontractor and, in such contractual arrangement; the subcontractor shall give its express written consent to the provisions of this Section 7.17. To the extent feasible, the provisions of this Contract shall apply to any such subcontractor in the same manner as they apply to the Contractor. However, such application shall neither make any subcontractor a party to this Contract, nor make such subcontractor a third party beneficiary hereof.
- C. In the event that the Contractor employs a subcontractor, then the City may require that copies of invoices for all work (including invoices submitted to the Contractor for work performed by a subcontractor) shall be submitted to the City by the Contractor and the City shall pay all compensation to the Contractor. It shall be the sole responsibility of the Contractor to deal with a subcontractor with respect to the collecting and submission of invoices and the payment of

compensation. In no event shall the City have any obligation or liability hereunder to any subcontractor, including, in particular, any obligations of payment.

### **7.18 Default and termination**

#### **A. In the event that:**

- 1.** The Contractor shall repeatedly fail (defined for this purpose as at least three (3) failures within any consecutive twelve (12) month period) to keep, perform or observe any of the promises, covenants or agreements set forth in this Contract (provided that notice of the first two (2) failures shall have been given to the Contractor, but whether or not the Contractor shall have remedied any such failure); or
- 2.** The Contractor shall fail to keep, perform or observe any promise, covenant, or agreement set forth in this Contract, and such failure shall continue for a period of more than five (5) days after delivery to the Contractor of a written notice of such breach or default; or
- 3.** The Contractor's occupational or business license shall terminate or the Contractor shall fail to provide the City with any bond, letter of credit, or evidence of insurance as required by the Contract Documents, for any reason; or
- 4.** The Contractor fails for any reason to provide the City with an acceptable renewal or replacement bond or letter of credit within the time period specified by a provision of this Contract; or
- 5.** The Contractor shall become insolvent, or shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy or a petition or answer seeking an arrangement for its reorganization, or the readjustment of its indebtedness under the Federal Bankruptcy laws, or under any other law or statute of the United States or any State thereof, or shall consent to the appointment of a receiver, trustee or liquidator of all or substantially all of its property; or
- 6.** The Contractor shall have a petition under any part of the Federal Bankruptcy laws, or an action under any present or future insolvency laws or statute filed against it, which petition is not dismissed within thirty (30) days after the filing thereof; or

7. There is any assignment by the Contractor of this Contract or any of the Contractor's rights and obligations hereunder for which the City has not consented in writing; or
  8. The Contractor shall default on any other agreement entered into by and between Contractor and the City, then, in its discretion, the City shall have the right to terminate this Contract for default, which termination shall be effective upon delivery of written notice of such termination to the Contractor. In the event that the City terminates this Contract for default, or the Contractor abandons or wrongfully terminates the Contract, the Contractor shall be paid for compensation earned to the date of termination or abandonment (but the City shall have the right to reduce by off-set any amounts owed to the Contractor hereunder or under any other Contract or obligation by the amount of the City's damages and any amounts owed by the Contractor to the City), but the Contractor shall not be compensated for any profits earned or claimed after the receipt of the City's notice of termination by default or after abandonment or wrongful termination. The City's election to terminate or not to terminate this Contract in part or whole for the Contractor's default shall in no way be construed to limit the City's right to pursue and exercise any other right or remedy available to it pursuant to the terms of the Contract or otherwise provided by law or equity.
- B.** Notwithstanding anything else herein contained, the City may terminate this Contract in whole or in part at any time for its convenience by giving the Contractor thirty (30) days written notice. In that event, the Contractor shall proceed to complete any part of the work, as directed by the City, and shall settle all its claims and obligations under the Contract, as directed by the City. The Contractor shall be compensated by the City in accordance with the provisions hereof, including in particular Section 7.2 of these General Conditions which shall include a reasonable allowance for costs associated with demobilization and subcontract termination, if any, provided, however, that in no event shall Contractor be entitled to compensation for work not performed or for anticipatory profits. Contractor shall justify its claims, as requested by the City, with accurate records and data.
- C.** Bankruptcy and Liquidation - In the event the Contractor (1) makes an assignment for the benefit of creditors, or petition or apply to any tribunal for the appointment of a custodian, receiver, or trustee for all or a substantial part of its assets; (2) commences any proceeding under any bankruptcy, reorganization, arrangement, readjustment of debt, dissolution, or liquidation law or statute of any jurisdiction whether now or hereafter in effect; (3) has had any such petition or application filed or any such proceeding commenced against it in which an order for relief is entered or an adjudication or appointment is made, and which remains undismissed for a period of sixty (60) days or more; (4) takes any corporate action indicating its consent

to, approval of, or acquiescence in any such petition, application, proceeding, or order for relief or the appointment of a custodian, receiver, or trustee for all or substantial part of its assets; or (5) permits any such custodianship, receivership, or trusteeship to continue undischarged for a period of sixty (60) days or more causing the Contractor or any third party, including, without limitation, a trustee in bankruptcy, to be empowered under state or federal law to reject this Contract or any agreement supplementary hereto, the City shall have the following rights:

1. In the event of a rejection of this Contract or any agreement supplementary hereto, the City shall be permitted to retain and use any back-up or archival copies of the software licensed hereunder under this Agreement for the purpose of enabling it to mitigate damages caused to the City because of the rejection of this Contract. The City shall exert reasonable efforts to mitigate such damages by use of such back-up or archival copies.
2. In the event of rejection of this Contract or any agreement supplementary hereto, the City may elect to retain its rights under this Contract or any agreement supplementary hereto as provided in Section 365(n) of the Bankruptcy Code. Upon written request of the City to, as applicable, the Contractor or the bankruptcy trustee or receiver. The Contractor or such bankruptcy trustee or receiver shall not interfere with the rights of the City as licensee as provided in this Contract or in any agreement supplementary hereto to obtain the Source Material(s) from the bankruptcy trustee and shall, if requested, cause a copy of such Source Material(s) to be available to the City.
3. In the event of rejection of this Contract or any agreement supplementary hereto, the City may elect to retain its rights under this Contract or any agreement supplementary hereto as provided in section 365(n) of the Bankruptcy Code without prejudice to any of its rights of setoff with respect to this Contract under the Bankruptcy Code or applicable non-bankruptcy law; or in the event of a rejection of this Contract or any agreement supplementary hereto, the City may retain its rights under this Contract or any agreement supplementary hereto as provided in section 365(n) of the Bankruptcy Code without prejudice to any of its rights under section 503(b) of the Bankruptcy Code.

#### **7.19 City's Authorized Representative**

During the term of this Contract, the City Manager or designee may from time to time designate an individual to serve as the City's Authorized Representative (CAR) and an Assistant CAR designated to serve in that capacity in the absence of the CAR, who shall have such authority to act on the City's behalf as the City Manager may from time to time actually delegate to such person, but in no event shall the CAR have authority to modify

or terminate this Contract, or make final decisions with respect to amendments, time extensions, assignments, cost or payment adjustments or payment disputes.

## **7.20 Assignment**

Neither this Contract nor any of the Contractor's rights or obligations hereunder may be assigned by the Contractor without the City's prior written consent, which consent may be granted or withheld at the City's sole discretion. Any transfer of this Contract by merger, consolidation or liquidation (unless the stock of the Contractor is traded on a national stock exchange or in a generally recognized over the counter securities market) or any change in ownership of or power to vote a majority of the outstanding voting stock or ownership interests of the Contractor shall constitute an assignment of this Contract for purposes of this Section. In the event the Contractor assigns or subcontracts or attempts to assign or subcontract any right or obligation arising under this Contract without the City's prior written consent, the City shall be entitled to terminate this Contract pursuant to the provisions of Section 7.17 hereof.

## **7.22 Nondiscrimination**

During the performance of this Contract, the Contractor, for itself, its assignees, and successors in interest agrees as follows:

- A. **Compliance with Regulations.** The Contractor shall comply with the Laws and Regulations as they may be amended from time to time (hereafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this Contract.
- B. **Nondiscrimination.** The Contractor, with regard to the work performed by it during the Contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of any subcontractor, including procurement of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by the Regulations.
- C. **Solicitations for Subcontracts, Including Procurement of Materials and Equipment.** In all solicitations either by competitive proposing or negotiation made by the Contractor for work to be performed under a subcontract, including procurement of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this Contract and the Regulations relative to nondiscrimination on the grounds of race, color or national origin.
- D. **Information and Reports.** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources or information, and its facilities as may be determined by the City to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of the Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to the City, as appropriate, and shall set forth what efforts it has made to obtain the information.
- E. **Sanctions for Noncompliance.** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this Contract, the City shall impose such

Contract Sanctions as it may determine to be appropriate, including but not limited to:

1. Withholding of payments to the Contractor under the Contract until the Contractor complies, and/or
  2. Cancellation, termination or suspension of the Contract, in whole or in part.
- F.** Incorporation of Provisions. The Contractor shall include the provisions of subsections 7.22 (A) through 7.22 (E) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the City may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the City to enter into such litigation to protect the interest of the City and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- G.** The Contractor assures the City that it will comply with the pertinent statutes, Executive Orders and such rules as are promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, sex, age, marital status, or handicap be excluded from participating in any activity conducted with or benefiting from Federal assistance. This provision shall bind the Contractor from the period beginning with the initial solicitation through the completion of the Contract.

### **7.23 Copying Documents**

The Contractor hereby grants the City and its agent's permission to copy and distribute any and all materials and documents contained in, comprising, or which are otherwise submitted to the City with or in connection with the Contractor's Proposal or which are contained in the Contract Documents (the "Submittals"). The permission granted by the Contractor shall be on behalf of the Contractor and any and all other parties who claim any rights to any of the materials or documents comprising the Submittals. Such permission specifically authorizes the City and its agents to make and distribute such copies of the Submittals or portions thereof as may be deemed necessary or appropriate by the City for its own internal purposes or for responding to requests for copies from any member of the public regardless of whether the request is specifically characterized as a public records request pursuant to Georgia Code. This provision shall survive the expiration or termination of the Contract.

### **7.24 General Provisions**

- A.** The Contract Documents consist of the Contract, the Proposal Forms, the Instructions to Bidders, Request for Proposals, all Addendum(s) issued prior to execution of this Contract, these General Conditions, and the Scope of Work. Together, these documents comprise the Contract and all the documents are fully a part of the Contract as if attached to the Contract or repeated therein. Precedence of the Contract Documents shall be as follows: (i) addendum(s) to the Contract Documents, (ii) the Contract, (iii) the General Conditions (iv) the Proposal Forms, (v) the Instructions to Bidders, (vi) the Scope of Work, and (vii) the Request.
- B.** This Contract represents the entire agreement between the parties in relation to the subject matter hereof and supersedes all prior agreements and understandings between such parties relating to such subject matter, and there are no contemporaneous written or oral agreements, terms or representations made by any party other than those contained herein. No verbal or written representations shall be relied upon outside the Contract terms and amendments. Without exception, all deletions or additions to the scope of work will be set forth in a written amendment to this Contract. No amendment, modification, or waiver of this Contract, or any part thereof, shall be valid or effective unless in writing signed by the party or parties sought to be bound or charged therewith; and no waiver of any breach or condition of this Contract shall be deemed to be a waiver of any other subsequent breach or condition, whether of a like or different nature.
- C.** The Contractor shall, during the term of this Contract, repair any damage caused to real or personal property of the City and/or its tenants, wherever situated, caused by the intentional, reckless, or negligent acts or omissions of the Contractor's officers, agents, or employees, and any subcontractors and their officers, agents, or employees, or, at the option of the City, the Contractor shall reimburse the City for the cost of repairs thereto and replacement thereof accomplished by or on behalf of the City.
- D.** The Contractor warrants to the City that no work performed or materials purchased pursuant to the Contract, whether by, from, or through the Contractor or a subcontractor, shall cause any claim, lien or encumbrance to be made against any property of the City, and the Contractor shall indemnify and save the City harmless from and against any and all losses, damages and costs, including attorneys' fees, with respect thereto. If any such claim, lien or encumbrance shall be filed, the Contractor shall, within thirty (30) days after notice of the filing thereof, cause the same to be discharged of record by payment, deposit, bond, order of a court of competent jurisdiction or otherwise. This provision shall survive the expiration or termination of the Contract.
- E.** The language of this Contract shall be construed according to its fair meaning, and not strictly for or against either the City or the Contractor. This Contract shall be deemed

to be made, construed, and performed according to the laws of the State of Georgia. Any suit or proceeding initiated for the purpose of interpreting or enforcing any provision of this Contract or any matter in connection therewith shall be brought exclusively in a court of competent jurisdiction in DeKalb County, Georgia, and the Contractor waives any venue objection, including, but not limited to, any objection that a suit has been brought in an inconvenient forum. The Contractor agrees to submit to the jurisdiction of the Georgia courts and irrevocably agrees to acknowledge service of process when requested by the City

- F.** The section headings herein are for the convenience of the City and the Contractor, and are not to be used to construe the intent of this Contract or any part hereof, or to modify, amplify, or aid in the interpretation or construction of any of the provisions hereof.
- G.** The use of any gender herein shall include all genders, and the use of any number shall be construed as the singular or the plural, all as the context may require.
- H.** The delay or failure of the City at any time to insist upon a strict performance of any of the terms, conditions, and covenants herein shall not be deemed a waiver of that breach or any subsequent breach or default in the terms, conditions, or covenants of this Contract. The Contractor shall not be relieved of any obligation hereunder on account of its failure to perform by reason of any strike, lockout, or other labor disturbance.
- I.** If the City shall, without any fault, be made a party to any litigation commenced between the Contractor and a third party arising out of the Contractor's operations and activities at the premises, then the Contractor shall pay all costs and reasonable attorney's fees incurred by or imposed upon the City in connection with such litigation for all trial and appellate proceedings. The City shall give prompt notice to the Contractor of any claim or suit instituted against it by such third party. The provisions of this Section supplement and are not intended to be in lieu of the indemnification provisions of Section 7.14 hereof. The provisions of this Section shall survive the acceptance of the services and payment therefore, and the expiration or earlier termination of this Contract.
- J.** The City shall have the right to recover from the Contractor all of the City's costs and expenses incurred in enforcing the provisions of this Contract including, but not limited to, (1) the cost of administrative investigation and enforcement (including, without limitation, audit fees and costs, attorneys' fees) and (2) the cost of any trial, appellate or bankruptcy proceeding (including, without limitation, investigation costs, audit fees and costs, attorneys' fees, court costs, paralegal fees and expert witness fees). This provision shall survive the expiration or termination of the Contract.

- K.** The Contractor shall be required, during the term of the Contract, at no additional cost to the City, to take such reasonable security precautions with respect to its operations at City Hall as the City in its discretion may from time to time prescribe. The Contractor shall comply with all regulations, rules, and policies of any governmental authority, including the City, relating to security issues.
- L.** The City may, but shall not be obligated to, cure, at any time, upon five (5) days written notice to the Contractor (provided, however, that in any emergency situation the City shall be required to give only such notice as is reasonable in light of all the circumstances), any default by the Contractor under this Contract; whenever the City so cures a default by the Contractor, all costs and expenses incurred by the City in curing the default, including, but not limited to, reasonable attorneys' fees, shall be paid by the Contractor to the City on demand.
- M.** The Contractor and its subcontractors, if any, shall maintain complete and accurate books and records in accordance with generally accepted accounting principles, consistently applied, and shall be in a form reasonably acceptable to the City Manager or designee. The Contractor and its subcontractors shall account for all expenses of any nature related to transactions in connection with this Contract in a manner, which segregates in detail those transactions from other transactions of the Contractor and subcontractors and which support the amounts reported and/or invoiced to the City. At a minimum, the Contractor's and subcontractor's accounting for such expenses and transactions shall include such records in the form of electronic media compatible with or convertible to a format compatible with computers utilized by the City at its offices; a computer run hard copy; legible microfilm or microfiche, together with access to the applicable reader; compact disc, or similar medium. All such books and records and computerized accounting systems, shall upon reasonable notice from the City be made available in DeKalb County, Georgia, for inspection, examination, audit and copying by the City through and by its duly authorized representatives at any time for up to four (4) years after the year to which books and records pertain. Such inspection, examination, or audit may include, but is not limited to a review of the general input, processing, and output controls of information systems, using read only access, for all computerized applications used to record financial transactions and information. The Contractor and subcontractor shall freely lend its own assistance in a timely manner in making such inspection, examination, audit, or copying and, if such records are maintained in electronic and other machine readable format, shall provide the City and/or its representative such assistance as may be required to allow complete access to such records. The City Manager may require the Contractor and subcontractors to provide other records the City Manager, in his or her sole discretion, deems necessary to enable the City to perform an accurate inspection, examination or audit of expenses incurred in and transactions related to performance of this Contract. Such records shall be provided within thirty (30) days of request thereof. In the event that expenses incurred or reimbursed are found by such inspection, examination, or audit to have been overpaid, the Contractor and its subcontractors

agree that such amounts shall be payable to the City. If, prior to the expiration of the above-stated four (4) year record retention period, any audit or investigation is commenced by the City, or any claim is made or litigation commenced relating to this Contract by the City, the Contractor, or a third party, shall continue to maintain all such records, and the City shall continue to have the right to inspect such records in the manner stated above, until the inspection, examination, audit, claim, or litigation is finally resolved (including the determination of any and all appeals or the expiration of time for an appeal). This provision shall survive the expiration or earlier termination of this Contract. In the event of any conflict between any provision of this Contract and generally accepted accounting principles or generally accepted auditing standards, the provisions of this Contract shall control even where this Contract references such provisions or standards. In particular, without limitation, the Contractor and subcontractors shall maintain all records required under this Contract to the full extent required hereunder, even if some or all such records would not be required under such generally accepted accounting principles or auditing standards. If as a result of an inspection, examination or audit, it is established that amounts are due from the Contractor to the City, the Contractor shall forthwith, upon written demand from the City, pay the City such amount, together with interest on the amount due at the rate of eighteen (18%) percent per annum, or if less, the maximum rate of interest allowed by law, from the date such additional amounts were overpaid by the City. Further if such inspection, examination or audit establishes that the Contractor has over billed such amounts for any Contract period by two (2%) percent or more, then the entire expense of such inspection, examination or audit shall be paid by the Contractor.

- N.** The City shall, in its discretion, be entitled to deduct from the compensation to which the Contractor is otherwise entitled hereunder, an amount equal to any liabilities of the Contractor to the City, which are then outstanding. In the event that additional work beyond the scope of this Contract is requested by the City Manager and it results in any extra charges to the City, the Contractor shall so advise the City in writing of the amount of the extra charges. The City is not required to pay any extra charges for additional work unless such work and the charges therefore have been approved in advance and have been confirmed in writing within twenty-four (24) hours by the City.
- O.** The Contractor is an independent contractor and nothing contained herein shall be construed as making the Contractor an employee, agent, partner, or legal representative of the City for any purpose whatsoever. The Contractor acknowledges that it does not have any authority to incur any obligations or responsibilities on behalf of the City, and agrees not to hold itself out as having any such authority. Nothing contained in this Contract shall be construed to create a joint employer relationship between the City and the Contractor with respect to any employee of the Contractor or of its subcontractors.

- P.** The Contractor and subcontractors shall prepare and provide the City with all detailed reports as required under the Contract on a timely basis. The City reserves the right to modify the reporting procedures or the form and content of any report, as it deems necessary.
- Q.** There are no third party beneficiaries to this Contract and nothing contained herein shall be construed to create such.
- R.** Time is of the essence for the performance of each of the Contractor's obligations under this Contract. The foregoing notwithstanding, any delays in or failure of performance by Contractor shall not constitute breach hereunder if and to the extent such delays or failures of performance are caused by occurrences beyond the reasonable control of Contractor. In the event that any event or force majeure as herein defined occurs, Contractor shall be entitled to a reasonable extension of time for performance of its Services under this Contract.
- S.** In computing any period of time established under this Contract, except as otherwise specified herein the word "days," when referring to a period of time that is ten (10) days or less means business days, and when referring to a period of time that is more than ten (10) days means calendar days. The day of the event, from which the designated period of time begins to run shall not be included. A business day is any day other than Saturday, Sunday, or Federal, State of Georgia or City holidays.
- T.** The Contractor agrees to perform all acts and execute all supplementary instruments or documents, which may be reasonably necessary to carry out or complete the transaction(s) contemplated by this Contract.
- U.** The City reserves the right to further develop, improve, repair and alter the facilities and all roadways, and parking areas, as it may reasonably see fit, free from any and all liability to the Contractor for loss of business or damages of any nature whatsoever to the Contractor occasioned during the making of such improvements, repairs, alterations and additions, including, but not limited to, any damages resulting from negligence of the City or its employees, agents or contractors.
- V.** The Contractor and the City hereby mutually waive any claim against each other and their respective members, officials, officers, agents and employees for damages (including damages for loss of anticipated profits) caused by any suit or proceedings brought by either of them or by any third party directly or indirectly attacking the validity of this Contract or any part thereof, or any addendum or amendment hereto, or the manner in which this Contract was solicited, awarded or negotiated, or arising out of any judgment or award in any suit or proceeding declaring this Contract, or any addendum or amendment hereto, null, void or voidable or delaying the same, or any part thereof, from being carried out.

**W.** At the option of the Contractor, the products and/or services provided under the Contract resulting from this solicitation may be provided to other governmental agencies, including the State of Georgia, its agencies, political subdivisions, counties and cities under the same terms and conditions, including price, as such products and/or services are provided under this Contract. Each governmental agency allowed by the Contractor to purchase products and/or services in connection with this Contract shall do so independent of the City or any other governmental entity. Each agency shall be responsible for its own purchases and shall be liable only for goods and services ordered, received, and accepted by it. The City shall have no liability to the Contractor or any governmental agency resulting from the purchase by that agency of products and/or services from the Contractor in connection with this Contract.
