MEMORANDUM

To: Mayor and City Council

From: Michael Smith, Public Works Director

Date: February 12, 2024

Subject: **Approval of a Contract Extension with Blount Construction for 2024 Pavement Resurfacing**

ACTION

Authorize the Mayor, City Manager, or designee to execute all documents necessary and proper to extend Blount Construction's pavement resurfacing contract for 2024 in the amount of \$3,291,798 plus a 10% contingency and a \$510,000 allowance for red-colored crosswalks by the Perimeter Community Improvement District (PCID).

SUMMARY

In 2023 the city contracted with Blount Construction Company, Inc. for annual pavement resurfacing through a competitive bid process. The contract was structured as a unit-price with a provision to extend the contract for up to two years.

For 2024 Blount has provided a cost estimate of \$3,291,798 to complete 11.4 lane miles of resurfacing on the streets listed on the following page. The estimate also includes an add-alternate of \$509,409 to add PCID-style, red-colored crosswalks at signalized intersection on Perimeter Center West and the south end of Ashford Dunwoody Road. The alternate would be fully reimbursed by the PCID should they elect to move forward with some or all of the crosswalk locations at an upcoming board meeting.

The proposed funding for the base contract, not including the PCID allowance, is as follows:

2024 SPLOST (Project SP-1)	\$2,750,000
State Local Maintenance and Infrastructure Grant (LMIG)	\$488,083
350 Fund (Project 101)	\$600,000
	\$3,838,083

The available funding is adequate for the proposed contract, 10% contingency, and other associated costs.

DETAILS

The proposed unit prices for 2024 represent a 12% increase on average over the 2023 unit prices due to higher stone, trucking, equipment and labor costs. For comparison, staff reviewed recent paving bid prices from several agencies in the north Atlanta region and found that Blount's proposed unit prices were very close to or below prices in these bids.
