The city's ADA transition plan, updated in 2024, identified 714 sidewalk curb ramps in public right of way that need to be upgraded to meet ADA accessibility standards. The City Council included \$160,000 in the 2025 capital budget and allocated \$50,000 from supplemental LMIG grant funds for ramp upgrades. Public Works identified 53 ramps in 7 areas of the city for upgrades and advertised a request for written quotes (IWQ 25-01) from contractors to perform the work. Eight quotes were received as follows:

Based on the available budget of \$210,000, Public Works has identified an additional 47 ramps on Dunwoody Club Drive, Winters Chapel Road and on Peeler Road that could be replaced using the unit prices provided by CGS (See attached map for all proposed replacement locations). A contract not to exceed \$190,000 with CGS, LLC is recommended to allow replacement of as many ramps as possible with the funding available.
