SUMMARY

The city advertised an invitation to bid ([ITB 26-04](#)) to construct improvements on Mount Vernon Road between Mount Vernon Place and Jett Ferry Road. The scope of the project to be funded by the city includes:

- Completing the sidewalk on the south side of Mount Vernon Road
- Stormwater drainage and underground detention
- Traffic signal upgrades at Tilly Mill Road
- Lighting and Paving

Additionally, DeKalb County will be funding replacement of the existing 8” water main and a new 16” water main as part of the project.

1- Offset by 2026 Supplemental LMIG funds

2- To be determined as part of upcoming budget process and 5-year CIP Update

The total projected construction schedule is 3 years including gas and water main replacement, overhead utility relocation and roadway construction. Several conditions have been included in the contract to mitigate traffic impacts. In addition to time restrictions on lane closures, the contractor will be required to keep two lanes of traffic open between Mount Vernon Place and Tilly Road during water main installation through a combination of detour onto Mount Vernon Place and construction of a temporary lane on Mount Vernon Road. A financial incentive for early completion has also been added to the contract in addition to liquidated damages for late completion.
